### ORDERS FOR SUSPENSION OF WORK IN ANTHRACITE MINES SEPT. 1 EXPECTED TO BE CANCELLED

Proposals Submitted by Gov. Pinchot Calling for 8 Hour Day, 10 Percent Raise and Union Recognition Expected to be Accepted by Miners—Encounter Open Hostility Among Operators—Both Sides Study Plan—To Reply on Friday

HARRISBURG, Pa., Aug. 30. (By the A. P.)—An agreement was reached today between the policy committee of anthracite operators and the officials of miners' union under which union men employed as pumpmen, engineers and maintenance men will be allowed to stay at work after Sept. 1, if suspension of mining becomes effective. The men in the classifications named are needed to prevent the mines from flooding and caving in during periods of idleness.

### ARRESTS HERE IN CONNECTION WITH MURDER OF POLICE OFFICER MOMENTARILY EXPECTED

An arrest in this city of one or more in connection with the murder of Police Officer Arthur J. Bower of Methuen was anticipated this morning but there were no developments along this line at the time of going to press. State Officer Richard J. Griffin, Chief James W. Riley of the Methuen police force and Officer John MacDonaid of Methuen, who was with Bower when he was shot, were in Lowell early this morning, taking up the threads of the investigation where they left off last night. This morning two young men were summoned to the police station for a conference with the officers. Capt. David Petrie of the Lowell department was present at the conference. Capt. Petrie and the out-of-town officers then left the police station but would not say where they were bound. Capt. Petrie, however, admitted that they were going outside the bounds of the city. At noon Capt.

Petrie returned and said that there were no new developments in the case. Tomorrow is the day scheduled for the hearing of Barney Banks' case in the Lawrence district court. Since his arrest several weeks ago Banks has been held without bail on a formal charge of murder, but there is a strong probability that Attorney Daniel J. Donahue may ask tomorrow that his client be admitted to bail. The two attorneys who have examined Banks, Dr. H. M. Larrabee for the defense and Dr. Victor Blue of the Danvers state hospital for the government, will submit their findings to the court tomorrow morning. What these reports will be has not been made public, but it is intimated that they will show that Banks is not insane, but is a victim of hallucinations. Attorney Donahue would not say today what his plans were for the hearing tomorrow, but he did say this much: "You can rest assured Banks will never be convicted of the murder of Officer Bower."

### Lowell's History Colorfully Portrayed in Playground Pageant at the Memorial Auditorium

After eight continuous weeks of highly successful organized play and healthful outdoor recreation, the 1923 activities of the city's summer playgrounds were brought to a fitting conclusion in the Memorial Auditorium at 2.15 o'clock this afternoon, with the presentation of an elaborate and vividly graphic pageant, illustrative of the history of Lowell. Over 250 juvenile habitués of the various playgrounds participated in the stupendous demonstration, the greatest attempt at pageantry ever offered in this city and as gratifying as the more expensive attractions that have

graced the Auditorium stage to date. For the benefit of the many relatives and friends of the little members of the production, the program will be repeated in full at 8 o'clock this evening, when the sweet "Good morning" of eight weeks ago will become "Farewell" until another

### SCHOONER FORD WELL IN LEAD

Gloucester Schooner Set Up Lead of 11 Minutes in Last Two Legs of Race

Shamrock Gets Away to Fine Start, But Was Overcome by Both Ford and Howard

GLoucester, Aug. 30.—The schooner Henry Ford of Gloucester sailed by Captain Clayton Morrissy established a lead of nearly eleven minutes in the first two legs of the fishermen's race today, over the schooner Elizabeth Howard of New York and Shamrock of Boston. The Ford's lead at the start led the other two boats across the line by a good margin with the Ford second and the Howard a poor third. The first leg was five miles, hard on the part tack and half way to the turn the Ford went through the Shamrock's lee and took the lead while the Howard drew up but could not catch the Boston boat.

The Ford's lead at the first mark was nearly two minutes over the Shamrock and three minutes over the Howard. It was broad off the wind in run to the second mark and the Ford gained a long lead, due partly to two tacking matches between the Shamrock and the Howard. Half a mile

### CRAP SHOOTER HELD IN \$1000 ON CHARGE OF ASSAULT WITH INTENT TO MURDER

James Baker Couldn't Make the Ivories Come Seven or Eleven and Then He Tried a Different Kind of Shooting, Firing Four Shots at One Mr. Johnson

James Baker didn't have much success "shooting crap" in a house at 8 Lagrange street last night, but the ivories were rolling right for Robert Johnson. Baker wanted some of his money back, but Johnson was deaf. So Baker then pulled a gun, the story goes, and started another kind of shooting.

### THREE AUTO ACCIDENTS THIS MORNING

One person was injured and several automobiles were badly damaged in three accidents which occurred within an hour this morning inside the city limits. The first accident reported was at the blind corner of Allen and Hall streets. At 7.45 this morning a Dodge truck operated by Arnold Danosso and owned by M. F. Russell of 111 Adams street collided with a Standard oil company truck at this point and was quite badly damaged. No one was hurt. The second accident occurred at 8 o'clock on Central street near Warren. A touring car driven by James Quinn of 107 B street passed an electric car

### MORE REAL ESTATE DEALS REPORTED

Two important real estate sales were effected through the office of T. H. Elliott today. They consisted of two parcels of the old Erastus Bartlett estate, one in Wamsisset street and the other in Lilley avenue, representing an investment of about \$25,000. The property located in Wamsisset is number 430-432 and consists of nine tenements and 1534 square feet of land. It was sold in behalf of John S. and George A. T. Brodie, the purchaser being Marshall G. Condehne. The sale price was in the vicinity of \$14,000. The other is located at 11-15 Lilley avenue and consists of eight tenements, one store and 3145 square feet of land. The property was sold in behalf of J. S. and G. A. T. Brodie to Simon Cassis for about \$12,000. The Elliott firm was assisted in the sale by George Deloriers.

## SPECIAL TOWN MEETING IN DRACUT TONIGHT

A special town meeting will be held this evening in Grange hall, Dracut Centre. The warrant contains four articles, which are as follows:

Article 1.—To see if the town will vote to amend the vote passed at a special town meeting held on May 1, 1923, under article three, so as to read as follows: That the committee appointed at the annual town meeting to make recommendations on a new school at the Navy Yard be authorized and empowered to construct an eight-room brick school building on the land now owned by the town on Parker avenue, and such additional land as may be purchased, and that the sum of \$5000 be raised and appropriated therefor, and that the treasurer, be and hereby is authorized to borrow the sum of \$4,000 for said purposes, and to issue bonds or notes of the town therefor, said bonds or notes to be payable in accordance with provisions of chapter 41 of the general laws, or the whole loan shall be paid in not more than 20 years from the date of issue of the first bond or note, or at such earlier dates as the treasurer and selectmen may determine, or act in any other way relative thereto.

Article 2.—To see what action the town will take relative to various articles salvaged from the Parker avenue school building.

Article 3.—To see what action the town will take relative to the installation of a heating plant in the Collingville fire station now under construction and to raise and appropriate or transfer the necessary money therefor, or act in any other way relative thereto.

Article 4.—To see if the town will vote to transfer the sum of \$2000, which remains unexpended in the Lakeview avenue construction account, to the highway department, or act in any other way relative thereto.

## BOYS BREAK CAMP AT NABNASSET

"Breaking camp" occupied the attention of the boys at Camp Nabnasset, on the lake at West Chelmsford, today as another successful camping season for Y.M.C.A. youth came to a close. At a dinner last night at the camp, extemporaneous speeches by a number of the boys marked the formal ending of the season. The final issue of the camp's newspaper, "The Nabnasset Skeezer," was distributed. This paper, which proved highly entertaining to the boys, was published by a board of the campers, composed of: H. A. Robbins, P. W. Morse, R. E. Falls; sporting editor, E. W. Seaver; associate editor, R. F. Courtney; reporter, H. S. Russell; cartoonist, P. V. Winters.

In last night's issue record was made of the supremacy of Paul Winters proven in archery competition and acknowledged Richard Knowles to be the best rifle shot. Don Quimby and Roy Slack pressed him hard for the honor. The list of the season's best men in various athletic events, together with their point totals, follow:

## WILL RESUME SCHOOL ACTIVITIES SEPT. 5

St. Joseph's convent in Moody street and St. Joseph's school in Merrimack street, will resume their school activities on next Wednesday, Sept. 5. Many applications for admission have been received by the superiors of the respective schools and the entrance lists this year promise to be filled to capacity.

The sewing circle, connected with St. Joseph's parish, reopened its quarters in Allen street today for the purpose of completing articles of clothing for the needy school children of the parish. Members of the parish in need of such articles for their children have but to apply at the rooms of the sewing circle where such will be supplied.

# CALIFORNIA DEVELOPS FUNERAL TODAY OF MRS. RAQUET STARS MARTIN P. CALNAN

BY A. H. FREDERICK  
N.E.A. Service Writer  
SAN FRANCISCO, Aug. 30.—Recent national victories of Helen Wills, youthful Berkeley (Calif.) tennis star, on eastern courts, again brings up the question, "Why does California develop so many racket stars?"

"Climate," is the usual answer. But this tells less than half. The other half is the California lawn tennis association.

True, the climatic conditions in the Golden state allow a much longer tennis season than elsewhere, but it is the association which has recognized this

DR. SUMNER HARDY

chance for world supremacy, and directed potential stars to championships, national and international.

Among protégés of the association are such players as Helen Wills, Maurice McLaughlin, Willie Johnston, John Strachan, Roland Roberts, C. J. "Peck" Griffin, and others well known to all followers of sports.

## Holds Junior Tourneys

Ever alert is the association for promising players, "pushing back the curtains of the cradle to see if the new arrival is a tennis star," as one member phrases it.

While this is exaggeration, the association does keep a watchful eye and girls still in "pigtails."

This part of the work for San Francisco at present is in charge of Miss Philomena Hagen, executive secretary of the Playground association, who works in conjunction with the Lawn Tennis association.

Miss Hagen keeps close watch on the boys and girls who play on the playground courts and holds tournaments for them yearly. Last year there were 1700 entrants, and this year more than 2500.

When a youthful star is found by Miss Hagen, the Lawn Tennis association arranges for his membership in one of the city's clubs. Those boys and girls under 15 are known as "Juniors" and their development is in charge of Howard O. Kinsey, coach singles star and doubles champion with his brother, Robert.

## Meets In Full Confidence

Membership in these clubs is considered of prime importance for two reasons—by chance to compete with players better than themselves and the opportunity of playing frequently in tournaments, which are held on an average of once a week.

"The confidence gained by this method of playing before spectators is of inestimable value," declares Dr. Sumner Hardy of San Francisco, president of the association.

"Its installation cannot begin too young. In fact, with this in mind, we have special tournaments for boys and girls under 15 for Pacific coast and other state championships."

After one of the association's protégés has made good through these stages, he or she is ready to move into the association's regular ranks. Usually the first such trip is to southern California. Then come jaunts to the northwest, Victoria, Vancouver, Seattle, etc., and finally east.

## Consists of 25 Clubs

Nor is the prospective champion abandoned if he doesn't win the first few times he represents California. He makes a good showing and such an indication of a fair chance for improvement to championship culture, the association sends him again and again.

Credit for the work of the association is largely due to Dr. Hardy, the president. While the organization has been in existence since 1889, it did not start the present work until some 25 years ago, with the inauguration as president of Dr. Hardy. He has held this position ever since. Dr. Hardy himself was coast champion for two years, and was doubles champion with his brother, Samuel, for six years.

The California association is the only tennis organization in the country doing this kind of work. Others are prone to wait until they have a champion before adopting him, or at least one who looks like an imminent champion.

The association is composed of 25 clubs in California, and is a member of the United States Lawn Tennis association.

The obsequies of Mrs. Margaret (Kelly) Calnan, wife of Martin Calnan, brought a large concourse of relatives and friends of deceased and her husband to the services at the immaculate Concepcion church, this forenoon. The large cortege left the residence, 7 Porter street, shortly before 10 o'clock and on arrival at the church a solemn high mass of requiem was celebrated by Very Rev. Lawrence P. Tighe, O.M.I., assisted by Rev. Owen P. McQuade, O.M.I., as deacon, and Rev. John H. Kennedy, O.M.I., as sub-deacon.

The choir, under the direction of Mr. Charles P. Smith, sang the Gregorian chant. The solo of the mass was sustained by Mr. Smith, James E. Donnelly, Cornelius Calnan, David Martin and Mrs. Isabella McKenna. Mrs. Hugh Walker presided at the organ and sang the solo at the offertory. Mr. Calnan sang the "Te Deum," and Mr. Calnan the solo in the Libera. The ushers at the house and church were Messrs. Simon Kelly, Fred J. Barrett and William Barrett. The casket was borne by the following bearers: Dr. Michael J. Kelly, Michael J. Markham, John J. Cleary, Frank Clark, James E. McGuinness, James J. Sullivan, James J. Spillane and James P. Sullivan.

Said on such an occasion has there been so beautiful an array of floral tributes of varied designs, all expressive of the love and affection for deceased and sympathy for her bereaved husband, sisters and women. A woman of the most lovable character, she had endeavored herself to all who knew her by her unfailing kindness and friendship, her charitable disposition, her fortitude and resignation to the Divine will during her long and painful illness. Hundreds of sorrowing relatives and friends, including many from Lawrence, Hayward, Oak Bluffs, Mt. Vernon, N. Y., Jersey City, N. J., and Davenport, Iowa, were in attendance at the funeral.

Burial took place in the family lot in St. Patrick's cemetery where the communal prayers were read at the grave by Rev. Fr. Tighe, O.M.I., assisted by Rev. Fr. Kennedy, O.M.I. Funeral arrangements were in charge of Undertakers O'Connell & Fay.

## DEATHS

DOOLEY—Michael Dooley, one of the earliest settlers of the Centralville district and one of the founders of St. Michael's parish, where he had resided for the past 50 years, died yesterday at his home, 441 Lakewood avenue. He was 70 years old and highly esteemed. He is survived by two daughters, the Misses Mary and Lillian Dooley; two sons, Frank and Peter Dooley; his sister, Mrs. Bridget Varley; a nephew, Peter Boyle, a niece, Mrs. Mary E. Duffy, and several grand-nephews and grandnieces.

HESSION—William P. Hession, a former well known resident of this city, but for the past several years a resident of Lynn, died yesterday at the Lynn hospital, after a brief illness, aged 62 years. He leaves to mourn his loss his wife, Elizabeth (Keeffe) Hession. The body was removed to his home, 25 Thomas road, Swampscott, by Undertakers James W. McKenna Sons, and Friday morning will be brought to the funeral parlors, 110 Bridge street, where his Lowell friends may call.

WYMAN—Mrs. Melinda Wyman, an old resident of Westford, died yesterday at her home in that town, aged 74 years, 4 months and 17 days. She had resided in Westford for many years and was much esteemed by all who knew her. She leaves two sons, William N. of Westford and Frank Wyman of Tyngsboro, and two daughters, Mrs. Nellie Davis of Norwich, Conn., and Mrs. Belle Brown of New Boston, N. H.

PIKE—Willard L. Pike died yesterday at the home of Mrs. Mrs. Laella E. Pike, 151 Smith street, aged 25 years, 9 months and 1 day. He was a member of Merrimack Valley lodge, No. 1, G.O.P., M.H., and also of Old Homestead lodge 212, International Association of Machinists. The body was removed to the rooms of Undertaker George W. Healey, 235 Westford street.

STEVENSON—Robert O. Stevenson died Tuesday night at the Lowell General hospital, aged 63 years. He leaves his wife and one son.

## FUNERALS

MADSEN—The funeral of Mr. James H. Madsen took place this morning from his late home, 35 Keene street at 8 o'clock and went to St. Peter's church, where a funeral high mass was celebrated at 9 o'clock by Rev. Francis L. Shea. The choir sang the Gregorian mass, the solos being sustained by James E. Donnelly and Joseph Egan. Miss Gertrude Quigley presided at the organ. Seated within the sanctuary was Rev. Fr. St. George, O.M.I., of St. Joseph's church. There were many beautiful floral offerings which showed the feeling of high esteem by which Mr. Madsen was held by his many relatives and friends, as well as many spiritual bouquets. In attendance at the funeral was a delegation from the Roman Academy of which Mr. Madsen was a prominent member for many years and was as follows: Messrs. John W. Sharkey, James Talley, John P. Duggan and Joseph H. Gormley. The body was borne from the church to the house by the following friends: Messrs. Richard Townsend, Arthur Egan and Joseph H. Gormley. The funeral cortege proceeded to St. Patrick's cemetery where the last rites of the Catholic church were read at the grave by Rev. Francis L. Shea. The funeral arrangements were in charge of Undertaker William A. McKenna.

FALLON—The funeral of William Fallon took place this morning at 8.30 o'clock from the chapel of Undertakers James P. O'Donnell & Sons and was attended by relatives and friends. The cortege proceeded to St. Peter's church. At 9.45 o'clock a funeral high mass was sung by Rev. Peter Linahan. The choir, under the direction of Miss Gertrude Quigley, rendered the Gregorian chant, the solos being sustained by Mr. Joseph H. Egan, Miss Quigley presiding at the organ. The bearers were Owen, Fred and George Fallon, nephews of deceased, and Mr. Patrick Finnegan. At the grave Rev. Fr. Linahan read the communal prayers and the burial was in St. Patrick's cemetery under the direction of Undertakers James P. O'Donnell & Sons.

## MATRIMONIAL

Mr. Austin Brennan and Miss Florence Conola were married Monday at St. Michael's rectory, the ceremony being performed by Rev. Fr. Heagney. The bride wore a white duchess satin trimmed with pearls and Spanish lace and carried a shower bouquet of bridal roses and lilies of the valley. Her veil was caught up with lilies of the valley. She was attended by her sister, Miss M. Conola, who was attired in peach crepe de chine with picture hat to match and carried pink roses. The best man was Mr. Harry Brennan. The bride's gift to the bridesmaid was a string of pearls while the bridesmaid's favor to the best man was a pair of gold cuff links. At the close of the ceremony a buffet luncheon was served at the home of the bride. Upon their return from their honeymoon trip the couple will make their home at 78 Beach street.

## Orders for Suspension Expected to be Cancelled

meetings for intensive study today. S. D. Warriner, chairman of the operators' policy committee, called his associates to meet at his Philadelphia, away from the scene of negotiations, but John L. Lewis and his scale committee of the United Mine Workers stayed here.

Sharp divergence in views taken of the operators' proposals early cropped out between operators and miners' representatives.

The offer of a ten per cent flat increase for the anthracite workers, of the universal eight hour day, of the right to have a union agent in the company offices for collection of union dues, which the governor made, along with a tender of union recognition and of the principle of the collective bargaining, won a more than friendly reception from the union contingent. There was a growing impression that Mr. Lewis would recommend, and his scale committee would grant a substantial acceptance of the proposal, and call in the orders for a suspension of work September 1, if the operators consented.

But with the operators, the settlement basis suggested encountered almost instant hostility. Their consistent stand for arbitration of all outstanding issues was almost completely neglected, and there was a disposition to consider that the proposals had not adequately measured the increase in the price of coal which would result from the wage increase awarded. Governor Pinchot estimated this would amount to 50 cents a ton of which the operators could absorb 10 cents in lessened profits. Mine owners themselves calculated that establishing a universal eight hour day would add about five cents extra to costs. Further, they contended that all of the increase would have to be loaded on the domestic fuel, the steam size production of anthracite being incapable of bearing it in market competition with bituminous.

## To Reply by Friday

Both sides had until Friday noon to file their answers.

An unsuccessful eleventh hour attempt was made by the operators and miners officials to fix a basis for the employment of pumpmen, engineers and maintenance men, who must be kept at work in case of suspension to prevent the mines from flooding and caving in. Union officials demanded an eight hour day for all men so employed, and while conceding that the operators group held out on a point of wage adjustment.

Governor Pinchot's proposition for a settlement was put before the leaders of both sides last night. Public opinion he warned them, might come to hold "either and lasting resentment" if repeated labor difficulties continued to be suffering.

## Pinchot's Terms Submitted

HARRISBURG, Pa., Aug. 30.—(By Associated Press) Gov. Pinchot last night submitted to representatives of the anthracite miners and operators, in joint conference, a proposed basis of settlement.

The three main points of his scheme were set forth as follows:

"1. Recognition of the basic eight-hour day for all employees. If longer hours are necessary at certain times, or in certain occupations, the overtime to be paid for at the eight-hour rate.

"2. A uniform increase in pay of 10 per cent to all employees. This increase to take effect Sept. 1.

"3. Full recognition of the union by the operators, without the check-off, but with the right to have a union representative present when the men are paid."

A fourth point proposed complete recognition of the principle of collective bargaining.

The governor also suggested that as a method of settling differences in cases of disagreement between miners and operators, they select a man agreeable to both to attend and take part in discussions, but without a vote and not as a witness or referee. If then unable to agree, he proposed the difference be referred to the conciliation board, "which will be provided with whatever equipment is necessary for the rendering of prompt decisions."

## Pinchot's Justification

"My justification for proposing a basis upon which I believe this strike can be prevented with justice to all parties is three fold," said Gov. Pinchot.

"First, that this controversy has continued until all chance of agreement by direct negotiations between the miners and operators has been lost.

"Second, that the interest of the miners, the operators, and the public all require that this controversy shall be settled without a strike.

"Third, that the public is entitled to a voice in the discussion and the rights of the people generally deserve consideration, at least as much as those of the miners and the operators.

"Under such circumstances, and in a case where the public welfare so urgently requires protection, the people have the clear and unquestionable right to demand a settlement."

## LONG GLOVES

Since short sleeve dresses are being featured for fall wear, the long glove is expected to lead in demand for hand covering. Colors most stressed will be various shades of brown.

## CHINESE INFLUENCE

The Chinese influence is apparent in nearly all French designs for fall. Black coats embroidered in Chinese designs and with Chinese colorings, are being shown in Paris.

## OUT OUR WAY

way with the systems, there were a measurable saving in what is spent for materials, the totals would be so large that it would become an appreciable factor in the economics of railroading. If it is too much to expect that all waste be eliminated, it surely is not too much to expect some progress. As Mr. Pritch says, the money thus obtained would be available for "use in things that would make every one happier."

Railroads are not alone in the tendency to waste in little things. Scattered over thousands of miles and employing an army of men, they may by their very nature be more open to abuses of economy, but there are comparatively few industries in which there cannot at least be some reduction in operating costs, if all will co-operate. The time is already here when Americans ought to give more attention to details in every phase of national existence. The suggestion of Mr. Pritch is as opportune as it is interesting.—Indianapolis News.

## British Produce New War Weapon

LONDON, Aug. 30.—British gun manufacturers have produced a new war weapon, says the Daily News. It takes the form of a tractor tank and is capable of drawing artillery into action, in addition to being a self-contained fighting unit. The tank is mounted with guns, has a turret and a special compartment in which it carries field artillery. Its range is twice that of the earlier type of tank used in the war. The British government has planned an initial order for 23 of the new machines, to cost \$40,000 each.

## PRINCESS DIES IN LONDON

Family of Anastasia of Greece  
Makes Plans to Send Body  
to New York for Burial

LONDON, Aug. 30.—(By the Associated Press)—The family of the late Princess Anastasia of Greece, formerly Mrs. William B. Leeds, who died shortly before midnight last night, was making plans today to send the body to New York. Some of the members of the Greek royal family favored burial in Athens, but it was held that the political situation there, which already has resulted in the exile of Greek royalty, including Prince Christopher, Anastasia's husband, would preclude this step. Moreover, the princess herself before she died expressed the wish that she might rest with her father and mother in the mausoleum which she built in Woodlawn cemetery, New York.

Memorial services will be held in one of the Greek Orthodox churches in London before the body is sent to the United States and prayers will be offered in the churches of Greece.

Hundreds of messages of sympathy from relatives and friends in all parts of the world, especially the United States, were received by Prince Christopher. Almost every royal house in Europe tendered its condolences. Mrs. Henderson Green, of Montclair, N. J., sister of the dead princess, who sailed from New York on Tuesday on the steamer Mauretania in an effort to reach the bedside, has been advised by wireless of Anastasia's passing.

There is much speculation to what extent Christopher will share in his wife's fortune. The princess herself maintained that she had never settled a dollar on the prince and that she was powerless to change the terms of her previous husband's will, which tied up the entire Leeds fortune in a trust fund. However, it is thought by friends who knew the deep affection existing between Anastasia and Christopher that the princess provided an ample sum to enable him to live comfortably.

It is also thought that she may have made some arrangement for the support of the scattered members of the Greek royal family who now are not in affluent circumstances.

Princess Anastasia, widow of William B. Leeds, the American "tin-plate king" from whom she inherited a fortune estimated at \$10,000,000, received many proposals of marriage from royal and titled persons before she finally accepted Prince Christopher of Greece, son of the late King George of Greece and brother of King George II, who succeeded to the Greek throne upon the death of King Constantine in January, 1922. They were married in 1920.

Princess Anastasia was Miss Nanette May Stewart, daughter of a wealthy Ohio banker, and first married George Worthington of Cleveland, whom she divorced. Three days after the decree was issued she married William B. Leeds. This was in 1900, eight years later Mr. Leeds died in Paris, leaving his fortune to his widow and one son, William B. Leeds, Jr., who in 1921 married Princess Xenia, the 15-year-old daughter of Grand Duchess Maria of Russia and niece of King Constantine.

Princess Anastasia was seriously ill as the result of an intestinal disorder, and had undergone two major operations, when she learned of her son's engagement. The news, she said at the time, had broken her heart, and she went for three days upon hearing it. Her objections to the match were based on the youth and inexperience of the couple. However, she finally yielded to the boy's persuasion and consented to the marriage at the same time arranging a moderate allowance from her own estate to be paid to her son.

The statement frequently was made in Europe that young Leeds was the richest boy in the world. Princess Anastasia declared these conjectures were absurd, adding that his father's will provided that he receive only \$50,000 when he reached the age of 21. The princess said her own will provided that upon her death her son was to draw her interest on the trust fund created by Mr. Leeds, but he would not be able to touch the principal. If her son or his wife should die, she declared, the wife should receive, would go to their offspring as a trust fund which would cease with the third generation. If they have no surviving issue, the fortune, she said, would pass to the lying-in hospital of New York.

During the Greco-Turkish struggle of 1920, it was understood that Mrs. Leeds spent more than a million dollars of her fortune to finance the Greek armistice. She gave large sums subsequently to the various relief agencies for use among the Greek soldiers and also endowed several hospital beds to commemorate Mr. Leeds.

Princess Anastasia several times found it necessary to deny that she had settled large sums of money on Prince Christopher before their marriage. Not a single dollar did she give him, she declared, adding that they were married in Switzerland, and thus were subject to the law by which each kept his or her own money and property and one is not responsible for the debts of the other.

## MANY TONS OF COAL WASTED YEARLY

If each of the firemen on the 1474 locomotives in service on the Rock Island railroad saved ten scoops of fuel a day the system would reduce its fuel expense by \$200,000 a year. L. C. Frith, vice president in charge of operations, says it is possible not only to do this, but to save \$1,000,000 annually, with out at its present price level. Additional economies can be saved if water tanks are kept from overflowing and hot air valves and pipe connections are attended to promptly. Frith and train conductors such as L. H. Brown, who the railroad president last year, because of which, could have reduced the cost of the thousands of tons of fuel burned by the material provided by the railroad, about the expense of the Rock Island lines is \$100,000,000 and a considerable class of attention in the use of materials would decrease the sum by possibly \$7,000,000, it is believed by Mr. Frith.

Waste is one feature of American life that never fails to impress impartial observers. A country less rich in natural resources than the United States could not stand it long. In the United States, however, is conservation, but it is in little things that the nation wastes its resources. It is not probable that the employees of the Rock Island are less different than the workers of any other great number of lines in this country. It is through the combined efforts of all persons connected in any

## FARMER HELPED GREATLY

Quickly Drows Wipes Out  
Signs of Suffering. Puts  
Stomach, Liver and Kid-  
neys in Good Shape

Mr. Charles Deleone of Deane, Lowell, Mass., says:  
"How wonderful it is to feel good and enjoy good health after years of suffering. None appreciate good health any more than I do. My suffering for the last few years now looks like a nightmare that I managed to live through."

"I could not eat. Food laid in my stomach and soured. Gas formed, bloating me, turning me up inside, making me belch. My nerves were at the ragged edge ready to throw me into an excited condition at the least unexpected noise. I couldn't sit still."

"I had to get up many times every night, my kidneys were so bad. I never enjoyed a good night of sound sleep. In the morning I would feel tired and worn-out as if I had used all my energy fighting the thoughts

that crept on me while I lay awake, my bed waiting for the morning. It was this. I didn't have enough energy to do the lightest kind of work without having to drive myself. My system was wrecked and torn by constipation, whose pains ran away my strength, leaving me weak."

"I decided to give Drows a chance to help me. That was the greatest day in my life, because it was the turning point, the crisis that pointed to a restoration of my health."

"This great remedy quickly drove away all signs of my troubles, made a new person of me, full of energy and strength. I give all the credit to Drows gratefully. Its wonderful powers can lift every man and woman from the darkness of suffering into the sunshine of good health."

Call today at Green's Drug Store and ask to talk with Mr. Preble, the expert from the Drows Laboratories. He will courteously tell you of the merits of this wonderful remedy. Also he will honestly tell you whether or not he thinks Drows will benefit you. Drows is sold in Nantua Drug Co., 175 Main St., Lowell, Mass.

#### AN IMMUNIZATION AGAINST DIPHTHERIA

Dr. Francis Finnegan, director of school hygiene, has issued the following appeal to parents to have their children injected with toxin-antitoxin as an immunization against diphtheria:

"At this time of year parents and guardians are taking care that their children are vaccinated so that they may be permitted to enter school. One wonders, however, if it is solely for this purpose that they seek vaccination, or is it that they realize the preventive nature of vaccination? We certainly hope the latter idea prevails, for beyond all doubt vaccination has been the only means at hand for the prevention of smallpox and is so recognized by a scientific medical world. "What is true of vaccination and smallpox can now be applied to another disease claiming its annual toll of innocent young lives. We refer to the toxin-antitoxin immunization against diphtheria. It is universally admitted that from six months to six years we have the highest percentage of susceptibles. 85 percent in whom the disease is most liable to appear, and among whom is the highest percentage of deaths. Toxin-antitoxin injected in three successive doses, one week apart, will render this susceptible group immune in a very short period of time.

and thereby cut the incidence of the disease and its attendant high mortality."

"The board of health, therefore, is urging parents and guardians to take this means of preventing diphtheria by

submitting the children in this age group to six years for treatment with toxin-antitoxin. The board feels that this procedure is as important as vaccination against smallpox which is only very sporadic in our midst, while diph-

theria has a rather high incidence, and at times a high mortality.

"A clinic for treatment is held at the board of health on Saturday mornings at 10 o'clock or treatment may also be given by the family physician.

#### Three Auto Accidents This Morning

on the left-hand side and collided with a truck driven by Edward M. Hanni-

gan of 12 Cady street. Both machines were very badly damaged, but neither of the operators was injured.

At about the same time, a machine driven by Arthur L. Wilkinson of 174 Wilder street struck a Mr. Hig of Lund-

berg street, who was riding a bicycle. Mr. Hig was thrown to the ground and slightly injured. He was taken to Dr. Gage's office by Mr. Wilkinson where his injuries were treated and was then sent home. The bicycle was demolished.

## LIST OF LOWELL CASES ON COURT LIST

District Attorney Arthur K. Reading has submitted to the local police a list of Lowell cases scheduled for trial in superior criminal court which convenes here next Tuesday. There will be two sessions here, one of which will be presided over by Judge J. J. Mahoney of the Lawrence district court. According to the provisions of chapter 465 of the acts of 1922, the chief justice of the superior court may appoint a district court judge to sit in superior court when necessary and because of the congested condition of the docket, Judge Mahoney has been named to sit at an extra session in this city. He will have jurisdiction in cases involving by-law infractions, ordinances, rules and regulations made by any city or town officials, liquor cases, drunks, motor vehicle, desertion and statutory offenses.

The grand jury will also convene here for one day next week.

The list submitted by the district attorney, which includes cases from

## ASK YOUR NEIGHBOR

Women Tell Each Other How They Have Been Helped by Lydia E. Pinkham's Vegetable Compound

Perryburg, Ohio.—"I took Lydia E. Pinkham's Vegetable Compound and have suffered with pains in my sides all the time. I can't remember just how long I suffered, but it was for some time. One day I was talking with a lady I met on a car, and I told her how I was feeling and she said she had been just like I was with pains and nervous troubles, and she took the Vegetable Compound, and it cured her. So then I went and got some, and I certainly recommend it for it is good. Whenever I see any woman who is sick I try to get her to take Lydia E. Pinkham's Vegetable Compound."—Mrs. Ada Fitch, Route 3, Perryburg, Ohio.

In nearly every neighborhood in every town and city in this country there are women who have been helped by Lydia E. Pinkham's Vegetable Compound in the treatment of ailments peculiar to their sex, and they take pleasure in passing the good word along to other women. Therefore, if you are troubled in this way, why not give Lydia E. Pinkham's Vegetable Compound a fair trial.

## GREAT FOR ECZEMA AND OLD SORES

"I Guarantee My Ointment," Says Peterson—Every Box of It

"If you are responsible for the health of your family," says Peterson of Buffalo, "I want you to get a large box of Peterson's Ointment today."

"Remember, I stand back of every box. Every druggist guarantees to refund the purchase price of all Peterson's Ointment doesn't do all I claim."

"Guarantee it for eczema, old sores, running sores, salt rheum, ulcers, sore nipples, broken breasts, itching skin, skin diseases, blind, bleeding and itching piles as well as for sore feet, chafing, burns, scalds, cuts, bruises and sunburn."

"Yesterday I had a running sore on my leg for nine years, tried all kinds of ointments, had several doctors treat it, even had it cut to the bone and scraped out, but did not cure. I was told to try Peterson's Ointment; used three boxes and my leg is entirely healed and smooth as my other leg. Thanking you very much for what it has done for me. Yours respectfully, S. H. Peterson, 2102-A Olive street, St. Louis, Mo."—Adv.

## Inflammatory Rheumatism

Completely Relieved by "Fruit-a-tives"

The Famous Fruit Medicine

29 N. Ashland St., Worcester, Mass. "Eight years ago, I was laid up with inflammatory rheumatism; scarcely able to move around on foot. There was kidney trouble, misuric, able indigestion and liver difficulties. "Soon as I began to use 'Fruit-a-tives,' I could see improvement. I was relieved of constipation and liver trouble and have been 100% better of rheumatism and kidney trouble."

"MRS. ALBERT YOUNG." "Fruit-a-tives" are made from the juices of apples, oranges, figs and prunes, and valuable tonics, and will relieve rheumatism when used regularly and consistently.

## FRECKLES

Now Is the Time to Get Rid of These Folly Spots

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots. Simply get an ounce of Othine—double strength—from any druggist and apply a little of it at night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.—Adv.

## THEY COLLIDED WITH A BUNCH OF TROUBLE

Proteggers generally try to keep out of the clutches of the law, but in Lawrence last night two alleged dispensers of the sparkling drink ran right into the police. In fact their machine collided with the police patrol of the down-river city.

Federal Agent Walter H. Sullivan of this city and Federal Agent Hall happened to be right on the spot, and they arrested the two men in the auto, and seized 20 gallons of liquor. The men gave their names as Sabaturo Callabro and Carmelo Chirago, both of 20 Newbury street, Lawrence. The men will be arraigned in the federal court Friday.

## C. T. M. L. MEETING

A special meeting of the Catholic Young Men's League will be held this evening at 8 o'clock in the hall on Suffolk street. The league delegation to the Henry Sullivan reception committee is expected to report this evening and other important matters will be taken up. The annual election of officers will take place Sunday, Sept. 8, and the names of candidates will be placed on the ballot after tonight's meeting.

**AUTOS IN COLLISION.**  
An automobile driven by Joseph J. Chalk of 125 Jewett street, and another operated by William Stevenson of 12 Bailey street, Lawrence, collided in Moody street, near the Lowell street bridge yesterday afternoon, with slight damage to both machines resulting. None of the occupants was injured.

## FREE STATE IN LEAD

Irish Election Returns Come in Slowly—82 Seats Remain Undeclared

DUBLIN, Aug. 30. (By the Associated Press).—Compilation of the returns from the parliamentary elections up to noon today gave the government 33 seats, the republicans 20, the laborites 7, farmers 8, and independent 8. Fifty-two seats remained undeclared. Westford returned two republicans against one each for the government, labor and farmers. Cork county returned two government and two business candidates and Mary MacSwiney, republican, Miss MacSwiney is the fifth woman to be declared elected, four of them being republicans.

## Long-Drawn-Out Affair

LONDON, Aug. 30. (By the A. P.).—The tedious task of ascertaining who has been elected to the new Irish parliament has developed into a long-drawn-out affair. Under the proportional representation system, the counting and recounting continued today. Final reports may not be available until next week.

The government party with more than 30 seats so far, continues to maintain its plurality.

President William T. Cosgrave and other government leaders have deemed the situation safe enough to leave for Geneva to prepare for Ireland's entrance into the League of Nations.

## De Valera Can Do No Harm

HOLYHEAD, Aug. 30.—William T. Cosgrave, president of the Free State cabinet, and other members of the Irish delegation bound for Geneva to prepare for Ireland's entrance into the League of Nations, arrived here today.

When asked what the Free State government intended to do with Eamon de Valera, now that he had been captured, Mr. Cosgrave said:

"We are not yet in power; we must first be elected. I cannot commit myself at the present juncture, but De Valera is so situated that he cannot do any harm. More than that I cannot tell you."

## FAMOUS PAINTER DEAD

Princess Lwoff-Parlaghy, Noted Hungarian Artist, Dies Penniless

NEW YORK, Aug. 30.—Death yesterday saved Princess Lwoff-Parlaghy, famous Hungarian portrait painter and former consort of Kaiser Wilhelm, from the ordeal of seeing her priceless art treasures seized to satisfy judgments against her for \$213,000.

A few hours after she died, a deputy sheriff entered and formally took possession of her rare art objects and furniture for the benefit of Ludwig Nelsen, retired diamond merchant, who held the judgments against her. Nelsen now is in Europe.

The princess not many years ago moved in the elite society of Europe and America. Among the nobles who sat for portraits were former Emperor Wilhelm of Germany, Bismarck, Admiral Dreyer, Andrew Carnegie, Chauncey M. Depew, Henry Ford and Thomas A. Edison.

In recent years, her vague passed, her funds exhausted and her health gone, the princess shut herself up in her home and awaited the end. She died practically penniless, clinging to the end to her art possessions.

STOUGHTON, Mass., Aug. 30.—William Darb, 129 Centre street, Jamaica Plain, was arraigned in district court this morning upon complaint of Louis Charles T. Benuppe of the state constabulary.

Darb was conducting games of chance at a traveling carnival, located here for the week. When warned by the state officers to desist from the operation of a "wheel of fortune," Darb engaged in a verbal tussle with Louis Benuppe and was placed under arrest. The arrest of Darb closed the carnival.

## COMMERCIAL MESSAGES WILL NOT BE CENSORED

NEW YORK, Aug. 30.—Cablegrams passing through the Cuban offices of the Commercial Cable company will not be subjected to censorship by the Cuban government, according to a message received at the company's New York offices late last night.

It was reported yesterday that all cablegrams passing through Cuba would be subjected to government censorship.

"The present measure should not be considered as censorship," the message stated, "but merely as observation limited to messages of political significance. Commercial messages, code or otherwise will not be interfered with."

## DID NOT SURRENDER

Marcino Was Expelled From Mexico City as Pernicious Foreigner, Say Police

MEXICO CITY, Aug. 30.—Joseph Biana, alias Joseph Marcino, who is now in jail in Laredo, charged with the perpetration of bank frauds in Chicago and Warren, Mass., did not surrender to the American officers because he had been the victim of extortion here, but was expelled as a pernicious foreigner, the Mexico city police said today.

When Biana was taken into custody at Laredo he asserted that Mexican officials, supported by certain American financial interests, made it impossible for him to continue in business in the capital, and that he had finally surrendered. The police, however, told a different story. They said Biana's departure was the result of a varied business career here in the course of which he fraudulently obtained from American citizens to Mexican citizenship.

Arriving in Mexico City early this year the police said Biana, alias Biana and Marcino, assumed the name of Vincenzo Traducio, asserting that he

## British Missionaries Killed by Bandits

SHANGHAI, Aug. 30.—(By the Associated Press).—Rev. W. A. Whiteside and Rev. F. G. Watt, British missionaries of the Church Missionary Society, were shot and killed by bandits when traveling in Szechwan Province August 14, according to a letter from Meinchow received here today.

He came from a noble Italian family. He disappeared, the officials recalled, when the Italian consul exposed him, but reappeared shortly afterward with Mexican citizenship papers and under the name of Pablo Glander obtained control of an alcohol factory. He ran a kind of the internal revenue department when accused of stamp frauds amounting to 200,000 pesos, the police declared, and this resulted in an embargo on his factory and his expulsion from the country.

## SEVEN MEN ARRESTED

Paraded in Front of Funeral Parlor Where Services for "Kid Dropper" Were Held

NEW YORK, Aug. 30.—Seven men believed to be members of a rival gang, alleged to have been responsible for the death of the Harlem funeral parlor where services for Jack Karpis, alias "Kid Dropper," slain gangster, were being held, and paraded the sidewalk. They were arrested and held until conclusion of the services, a score of detectives guarded the undertaking establishment. Police sensed that a "storm was brewing" and took the utmost precautions.

# BOSTON HALTS VICTORIOUS MARCH OF CINCINNATI—GENEWICK PITCHES GREAT GAME

Judging from Dempsey's conversation, the heavy-weight champion expects to get some valuable information concerning Firpo's boxing skill and punching ability from Jack McAuliffe, the Detroit heavy-weight, who was knocked out in three rounds by the "Wild Bull of the Pampas." McAuliffe, with the appearance of a boxer ready for a fight, reported in camp as one of Dempsey's sparring partners.

**Firpo Returns to Work**  
ATLANTIC CITY, N. J., Aug. 30.—(By the Associated Press)—After a day of intense heat, followed by a torrent of rain that soaked his training ring

and made the air so chill his trainers were afraid he would contract a cold. Luis Angel Firpo planned today to return to work in preparation for his title match with Jack Dempsey Sep-

The same program, morning road work, inside punching of a heavy sand bag and sparring with four men in the afternoon, was posted on the bulletin board, and Luis Angel Firpo, after the

play of Luis was eager to get going again. He fairly eats work these days. Encouraged by the progress he had made in the improvement of his technique and the improvement of his health, Luis is anxious to carry on even more than his trainers prescribe. But they are holding him down for the present, awaiting a time when the corps of punch backsports will be reinforced by the first of the fighting of the lighter classes. When these men arrive Luis anxious is to be "loosed."

Pirpa is anxious for Young Reb Pilz to join his camp. Luis and the son of the great Cornishman are

# BOSTON HALTS VICTORIOUS MARCH OF CINCINNATI—GENEWICH PITCHES GREAT GAME

**NEW YORK, Aug. 26.**—The Boston Braves, despite the fact that they have been bumping along the bottom of the percentage box throughout the season, stepped up and handed a little present to their princely leaders, the New York Giants, yesterday, in the form of a defeat for Christmastide. The Braves, who had been in the grumina defeated the Reds 2 to 1 in a ten-inning game, giving the Giants a lead of three and a half games. Meanwhile, the Boston hero, so scattered the Reds' bats, hit that they were almost for naught. On Aug. 25, the Reds won 12

In order to accommodate Lowell fans planning to take in the Dodge Handicap championship bout in New York on Sept. 14, "Black" Dodge has engaged a special sleeper on the New York train, which will leave Lowell at 7 o'clock Thursday. The return to Lowell will be made on Saturday evening at 7 o'clock. The local team has received a block of tickets for the bout.

Phinney Boyle, Lowell Lightweight and welterweight champion, has been matched to box Frankie Quill of Brockton, Sackville on the evening of Sept. 10. Quill only recently won over Tom Jordan, who fought a slashing bout with Boyle here last winter. Boyle is a crafty fighter, a sound boxer and he is in the condition. Today he meets Mike Castle of Lawrence in an exhibition bout at the C.M.A.C. outing.

Joe Mandell of Philadelphia, will meet Bonnie Cowette of Manchester in the New Hampshire city tomorrow night. Mandell has been matched to oppose Jack Bernhardt, conqueror of Johnny Dundee, at New York on Sept. 15. Plans are also under way to have Mandell meet Vincent Martin in Boston next month.

## OUR BOARDING HOUSE

## RIVAL UNIONS TO UNITE

Amalgamation of Factions Involved in Recent Telephone Strike Agreed Upon

BOSTON, Aug. 30.—A plan of agreement providing for the amalgamation of Local 1-A and the Boston local affiliated with the telephone operators' department, International Brotherhood of Electrical Workers, has been signed by representatives of the rival groups of telephone operators in Greater Boston. It was announced last night. The division in the ranks which was precipitated when Julia S. O'Connor, as department president, revoked the charter of local 1-A, continued throughout the strike of the operators in New England last month, when members of local 1-A refused to

obey the strike order issued by Miss O'Connor. As a result service in the metropolitan area was maintained with little inconvenience being experienced by the public. The statement which was signed among others by Miss O'Connor and Annie E. Molloy, president of local 1-A, stated that the objective of the agreement is the unification of the operating forces in the metropolitan area once more, "in order that there may be accomplished immediately, the return to their positions of all locked-out employees."

The strike was concluded after one month at the company's terms. Many girls who were accepted for employment while the strike was in force retained their positions and many of the strikers were unable to get their jobs back. The striking operators had demanded a seven hour day and higher wages.

The agreement calls for a joint meeting on Sept. 6 of members of both organizations at which terms for the amalgamation of the two factions will

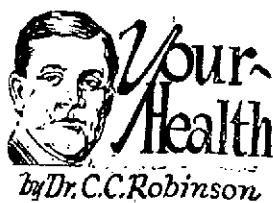

be laid before the members for ratification. The move toward peace between the factions is said to have had its inception at the recent meeting in Montreal of the International Brotherhood of Electrical Workers. Leaders of the International union and the American Federation of Labor are said to have met with representatives of the rival unions but the proposed plans for the amalgamation have been kept a close secret.

## BABY'S FOOD

There is no real reason why the so-called baby week should be a special occasion in our yearly calendar. In the great cities where special efforts are placed on having meetings or city-wide campaigns for the raising of funds for baby institutions and dependent babies, it may be the proper thing. For the millions who do not come under the direct influence of such organizations every week is baby week throughout the whole year.

Physicians and publications which are trying to make the baby a safe proposition are busy at just this very thing the whole year through. Mothers are given careful instructions, which have as their end and aim the prevention of illness for both babies and mothers and the keeping of infant mortality at the lowest possible level. While no one period of a baby's life is more pronounced than another, and the second year bugaboo is no longer a fact, the weight must show increase regularly from year to year. The first year, under normal conditions, the baby should about triple its weight.

It may not seem to some mothers that regular feeding is a particularly such vital importance to the baby's health, but for normal, healthy babies the four-hour period seems to meet the general rule from the age of six weeks up to one year. If the baby is breast-fed, the judgment of the mother in most cases determines the amount of nourishment. Not many mothers, in the ordinary walks of life, weigh their babies before and after taking nourishment.

If the baby is bottle-fed, use from three ounces at the first month to seven or eight ounces at the sixth month. This shows a gradual increase at each feeding from one to two ounces each month. The proportion of water and sugar is determined by the kind used in mixing with the cow's milk. In some parts of our country the milk is far richer than in others and this must be taken into account when diluting. If there is no gain or even insufficient gain in the baby's weight, find out the cause at once, as a loss in weight may mean the loss of a baby. Consult your physician at the first signs of failure to gain.

## AMUSEMENT NOTES

## R. F. KEITH'S THEATRE

Comedy that is varied and fast is the sort purveyed by Murray Kleson & Co. in "The Barber of Seville," at the R. F. Keith theatre, this week. See this jolly quartet of men, and you will be simply rewarded. Bob Hall, with his extemporaneous songs and sayings, is a highly original man. He keeps at his work all the time, and takes leads from those in his audience. His popular songs are specially well put together. Mabel Blaine and Charles Marshall, in their mixture of singing and dancing, have plenty of good things to offer, while Oakes & De Lora, snappy dancers, put on their turn at a whirlwind pace. Betty Washington, violinist, and Nathano Bros., comedy roller skaters, and "Masters of Men," complete the big opening bill.

## THE STRAND

To those who love the romantic, the weird, the beautiful, "The Isle of Lost Ships" which is being shown at The Strand during the week-end, will afford them one of the most interesting and entertaining pictures of this kind. The locale of the story is in the Sargasso sea and a legendary island of ships in the centre of miles of sea.

need that comprise that tract of land. To this island, formed by the accumulation of wrecked ships of centuries, drifts a wrecked American liner, crippled by a waterlogged derelict into which it rained during a heavy storm. The sole survivors are a New York society girl and an escaped convict. The girl proves a beautiful bit of salvage to the powerful and arrogant brute who rules this strange port and the community of castaways. The fight the convict wages to save the girl from the clutches of the brute is one of the most thrilling parts of the story. Milton Sills appears as the escaped convict and Anna Q. Nilsson as the girl and both reflect wonderful accomplishments in dramatic capability and finished acting. Frank Campeau and Walter Long are also pleasingly assigned. Maurice Tourneur was the director, and he gave this production his very best efforts, with the result that a super-film offering was created.

John Gilbert in "The Madness of Youth" is the second feature. Romance, drama and a new style of thrill are reflected in this picture story. Gilbert, whose successes of the recent past places him high among the stellar lights of Alhambra, is seen in the role of the crook, and he handles it with marked cleverness. The comedy and weekly are also good, while the musical numbers are always entertaining.

## BALTO THEATRE

One of the finest picture programs ever offered to local theatregoers will be shown at the Balto tonight only. In fact, they are two of the greatest pictures ever shown on the same double feature program. They are, "The Sky Pilot" and "The Sky Pilot."

Another great bill will be shown tomorrow (Friday). Charles Ray will be seen in "Scrap Iron" while Allen Albee, John Bowers and David Butler are the stars of Ralph Connor's story, "The Sky Pilot."

"Scrap Iron" is the story of John Steel, the character portrayed by Ray, one of the most fascinating characters ever found its way to the screen. It is thoroughly human in the development of the plot—most of Steel's troubles coming from posturing a sick mother, who cannot appreciate that her only boy has grown into man's estate, places on him. The promise excited from him by her that he will never again indulge in his fondness for boxing, gains him the contempt of his fellow workers and later his girl to believe that he is a coward. There is a thrilling fight, a real prize fight with Charlie Hayes one of the participants. In this "scrap" he shows that he is no novice at the game and that he knows how to use his two hands as well as his head.

Real pictures have presented such a wealth of excitement as is offered in "The Sky Pilot." Ralph Connor's story of the Canadian wilds. An unforgettable cattle stampede is one of the hundred incidents in the creation of the splendid characters of the book. Directed in the rugged background of Canada's grandest wilderness, directed by King Vidor, with such fine players as Colleen Moore, John Bowers and David Butler, "The Sky Pilot" becomes unique in the qualities of drama, human interest and true sensation.

## MERRIMACK SQ. THEATRE

A ten-strike was scored by the management of the Merrimack Square theatre in the selection of the program for the last half of the week. Such a varied bill of super features will appeal to the most discriminating playgoers. Viola Dana who is well known here for her excellent work in many characters, essays in a new type of role as "Martha" in "A Noise in New York." The old story of not being appreciated by the home-town folk, and going to the big city to make good, and the dream of the mob waiting at the station with band blowing its head off, with "Hail to the Conquering Hero," when you've made your roll that's the tale of this picture, but it's really different.

"The Fog" is the second feature. It's a story of how the fog of life disperses and gives way to the sunshine

of love. It is without doubt the most amazing photoplay of the year. A comedy and news are also on the bill.

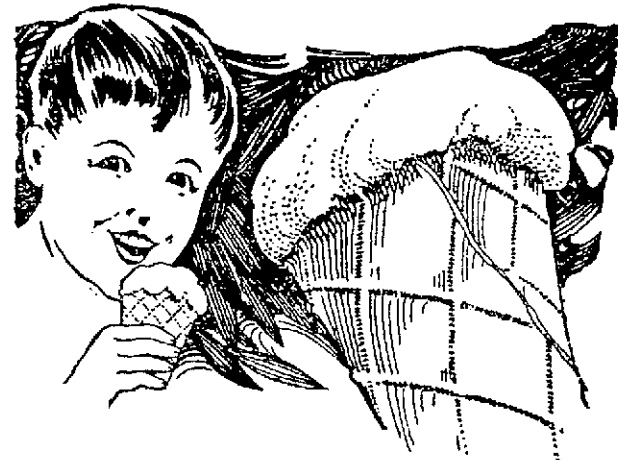

## COMPLETE PLANS FOR ANNUAL OUTING

Final arrangements for the annual outing of the chamber of commerce, to be held Sept. 13 at the Martin Luther grounds, were made yesterday noon at a meeting of the outing committee at Cole's Inn. Notices of the outing will be sent to all members Tuesday and included with the notice will be a return postcard which the members are asked to fill out and return immediately so that the committee may know exactly how many are to attend the outing.

It was decided yesterday that an auto parade should precede the outing. The machines bearing the party will line up on Thurnside street and parade through the down-town streets of the city before starting for the outing grounds.

A reply to their invitation to Mayor John J. Donovan was received stating that he will be present at the outing.

## The daily job of 20 million mothers—

To send them off every morning in their fresh, clean school clothes

TO SEND them off to school all freshly washed and starched! How proudly American mothers watch them march off in the early morning!

But with what sinking hearts mothers see them tear home looking like little urchins. They seem to have a genius for picking the very dirtiest dirt to play in.

And those blouses, those trousers, those darling little dresses that were so immaculate a few short hours ago! Smudged and bedraggled, with the dirt so ground in, you wonder if it will ever come out.

Dirty school clothes need no longer discourage you. It is such an easy, simple matter now to have fresh ones every day. For washing them is no job at all if you do it with Rinso.

This new soap loosens the dirt just by soaking. It dissolves instantly in boiling water, making a rich, pure, cleansing suds, so soapy

it gets the dirt out without any hard rubbing. Even the dirt that gets absolutely ground in at little knees and elbows is so loosened by soaking in Rinso suds, that it comes out with only a light rubbing. Do that little rubbing with Rinso. Just sprinkle some dry on the worst spots and they will disappear.

You do not have to change your way of washing. Just use Rinso wherever you used to use bar soap.

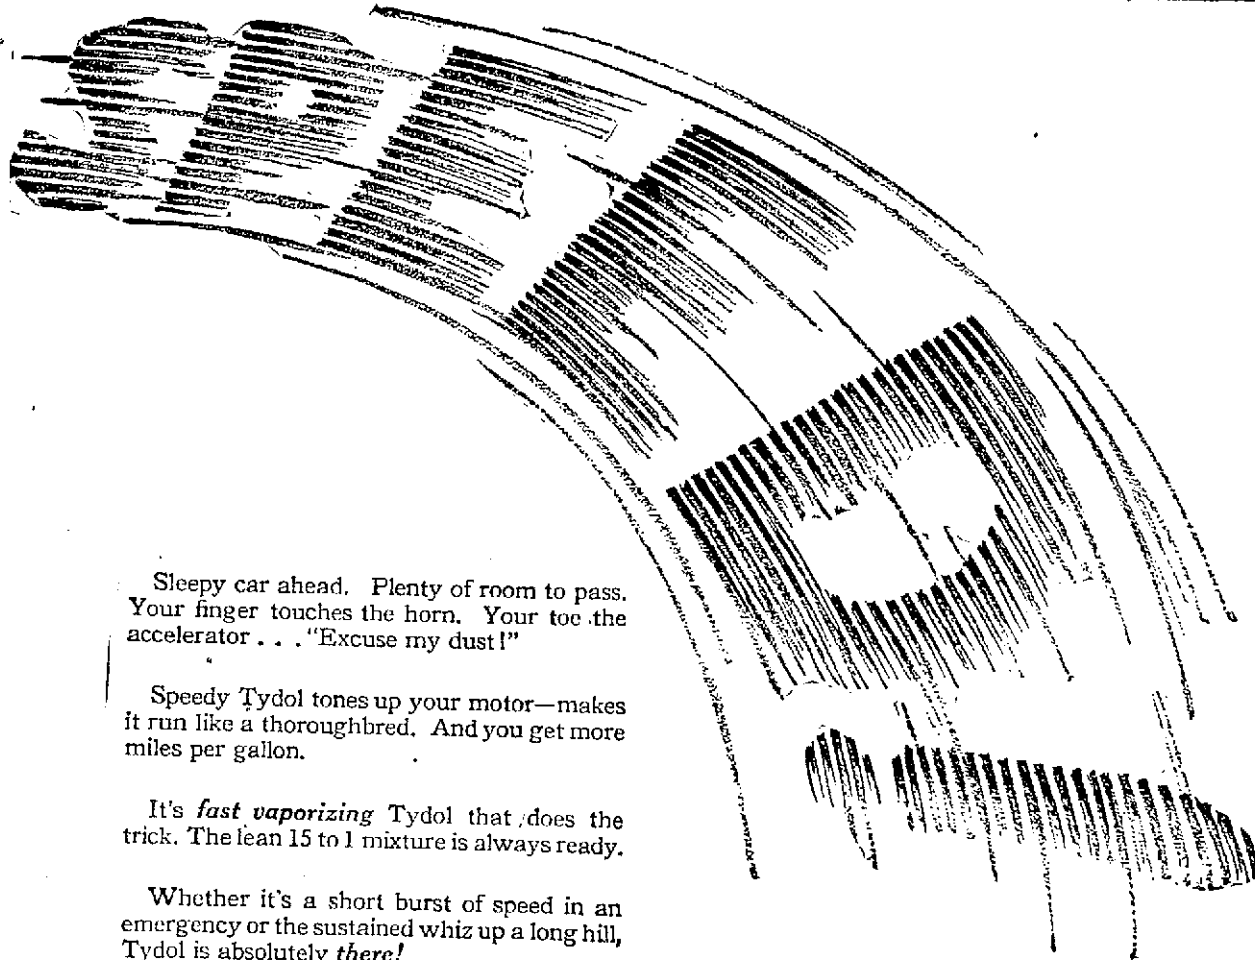

## Made by the makers of Lux

Rinso is made by the world's largest soap makers—the makers of Lux. For the family wash it is as wonderful as Lux is for fine things. You need no soap powder or any other soap with Rinso. It does the whole job.

Don't ever again wear yourself out rubbing dirty school clothes. Save those backbreaking hours of rubbing and save the clothes by using Rinso.

Begin today! Get either the regular sized package or the big new package at any grocery or department store. Lever Bros. Co., Cambridge, Mass.

## HARD COAL NOT A NECESSITY

Intelligent People Can Face Use of Substitute With Equanimity

Bureau of Miners Makes Public Two Reports on Use of Substitutes

WASHINGTON, Aug. 29.—As a part of its campaign of education in the use of anthracite substitutes, the bureau of mines made public today two reports by its experts on the qualities of bituminous coal, coke, briquets and other substitute fuels.

One of the reports, submitted by D. P. Hood, chief mechanical engineer of the bureau, declares that while anthracite is probably the most desirable solid fuel for the heating of residences, it is by no means a necessity and an intelligent people can face the use of some less desirable form of fuel with equanimity.

The other was drawn up by Rudolf Kuttich, assistant chief mechanical engineer, who after going into the whole field of substitutes in some detail, concluded that the country must "look mainly to bituminous coal of various grades, or to coke, which is made from bituminous coal, as our real substitutes for anthracite."

In its statement summarizing the two reports, the bureau gives the public this advice: "Take it the season through from 10 to 25 percent more bituminous coal is likely to be needed than of anthracite, although with increased skill and attention the proportion might even be reversed.

"There are other substitutes that may be had locally. There is an increasing amount of good briquets fuel available. This is handled like anthracite, requires little added attention and the satisfaction resulting depends upon the quality of the briquets.

"There is an increasing use of oil where available. This requires a considerable installation cost and the burning cost is usually greater but the character of service may be very good. Heating by gas has all the advantages and few disadvantages except cost. Neither of these fuels are in any large sense available on short notice as a substitute for anthracite.

"In some places the small steam stoves of anthracite can be obtained. Number one buckwheat can be used if sufficient draft can be supplied to force air through the more compact fuel bed.

"Detailed information regarding proper firing methods in the use of these various anthracite substitutes is given in serial 2518, which may be obtained from the department of the interior, bureau of mines, Washington, D. C."

## MOSCOW SOVIET SEES NEW WORLD WAR

MOSCOW, August 29. ## WANT COAL NOT RESOLUTIONS

N. H. Governor and Fuel Administration Disappointed at N. Y. Coal Conference

Would Have Stayed at Home Had He Known What Was to Happen, Says Governor

CONCORD, N. H., August 29.—John W. Storr, New Hampshire fuel administrator and Governor Fred H. Brown are back from the New York coal conference, frankly disappointed in its result.

In a formal statement given out today, Mr. Storr said that he expected some concrete plan to be recommended and adopted whereby a fuel famine would be prevented. "If I would have stayed at home," he commented as he released the formal statement which was as follows:

"The governors who were present were Governor Brown of New Hampshire, Governor Redfield Proctor of Vermont, Governor Flynn of Rhode Island and Governor Cox of Massachusetts.

"After Alney's resolution was adopted to the fuel meeting, it was suggested that the governors and governors' delegates hold a little conference. A recess was taken for this purpose.

"At this conference Governor Brown of New Hampshire said: 'To be with resolutions, show me how we are to get coal and then get busy.' It's coal the people want in our state and not resolutions."

"As the result of the above statement by Governor Brown, the resolution agreed upon and later presented by Governor Cox of Massachusetts, putting it up to the federal fuel administration, was adopted."

## Jack Daw's Adventures. Chapter 15

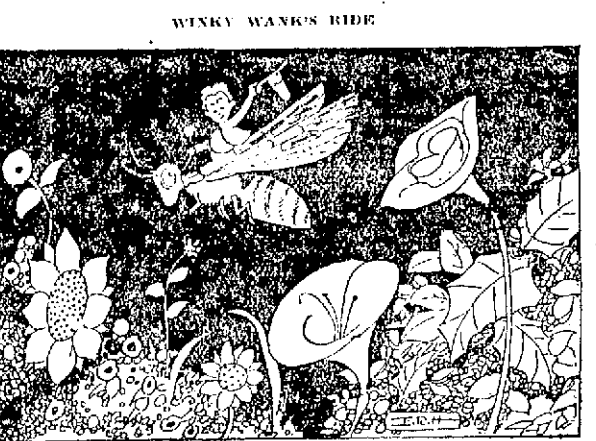

"Now tie the wooden anchor into place," said the store man, and shortly the job was completed. Jack crawled to the railing of the ship and looked at the newly adjusted anchor. "It looks just like the old one," he shouted. "The captain will never know the difference."

Jack turned into his bunk that night, well satisfied with the way he had worked to prevent the cook from being drowned if the captain ordered him thrown overboard. "Perhaps it was a mean thing to do," he thought, "but if it will save a man's life, it was well worth while."

The next morning, after Jack had scrubbed decks and helped hoist extra sails, he snatched into the kitchen. "Free, but I'm thirsty," he said. "Well, I can fix you up, young man," said Kettles. And he handed Jack a bottle of the captain's grape juice. Then the captain appeared. (Continued.)

ADVENTURES OF THE TWINS  
by Olive Roberts Barton

"Now I'm an aviator!" cried Winky Wank. "I was washing my face for Mrs. Tiny Mite, ironing day for Mrs. Upstairs (who had washed the day before), baking day for Mrs. Fry (who had her washing and ironing all done and put away and cleaning day for Mrs. Jumper."

Every single day Winky Wank was busy. Even King Snootums and his lord high chancellor. But one person wasn't as busy as he should have been. Or rather he was busier than he should have been—for he was going to do something he wasn't allowed to do. And he was sneaking off without anyone seeing him.

That person was Winky Wank. He slipped out of the wee wee land, and skidded across the daisy patch and crept across the sassafras garden to the porch to Farmer Brown's house, where a boy's vine with smelly flowers shaded it from the sun.

The next thing Winky Wank did was to climb the vine like a striped jack and when he crawled half way up he slipped into one of the smelly flowers and waited.

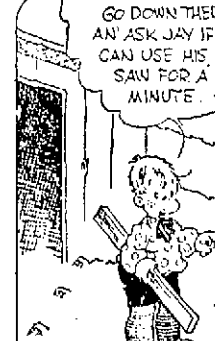

By 'n' by there came a buzzing. Pretty soon the buzzing stopped.

## ORDERS FOR SUSPENSION OF WORK IN ANTHRACITE MINES SEPT. 1 EXPECTED TO BE CANCELLED

Proposals Submitted by Gov. Pinchot Calling for 8 Hour Day, 10 Percent Raise and Union Recognition Expected to be Accepted by Miners—Encounter Open Hostility Among Operators—Both Sides Study Plan—To Reply on Friday

HARRISBURG, Pa., Aug. 30. (By the A. P.)—An agreement was reached today between the policy committee of anthracite operators and the officials of miners' union under which union men employed as pumpmen, engineers and maintenance men will be allowed to stay at work after Sept. 1, if suspension of mining becomes effective.

The men in the classifications named are needed to prevent the mines from flooding and caving in during periods of idleness.

likelihood of a suspension even should the committee of the men and mine owners come to terms tomorrow.

It is felt that official notice to continue at work could not be received in time to allow the locals to notify their members to remain at work.

Among the men at work sentiment seemed to favor the plan of Gov. Pinchot for a settlement. The suggestion for a ten percent advance in wages seemed to meet with favor, judging by expressions of the miners.

## ARRESTS HERE IN CONNECTION WITH MURDER OF POLICE OFFICER MOMENTARILY EXPECTED

An arrest in this city of one or more in connection with the murder of Police Officer Arthur J. Bower of Methuen was anticipated this morning, but there were no developments along this line at the time of going to press.

State Officer Richard J. Griffin, Chief James W. Riley of the Methuen police force and Officer John MacLellan of Methuen, who was with Bower when he was shot, were in Lowell this morning, taking up the threads of the investigation where they left off last night.

This morning two young men were summoned to the police station for a conference with the officers. Capt. David Petrie of the Lowell department was present at the conference.

After eight continuous weeks of highly successful organized play and healthful outdoor recreation, the 1923 activities of the city's summer playgrounds were brought to a fitting conclusion in the Memorial Auditorium at 2:15 o'clock this afternoon, with the presentation of an elaborate and vividly graphic pageant.

Illustrative of the history of Lowell, Over 250 juvenile habitués of the various playgrounds participated in the stupendous demonstration, the greatest attempt at pageantry ever offered in this city and as gratifying as the more expensive attractions that have

graced the Auditorium stage to date. For the benefit of the many relatives and friends of the little members of the production, the program will be repeated in full at 8 o'clock this evening, when the sweet "Good morning" of eight weeks ago will become "Farewell" until another

## SCHOONER FORD WELL IN LEAD

Gloucester Schooner Set Up Lead of 11 Minutes in Last Two Legs of Race

Shamrock Gets Away to Fine Start, But Was Overcome by Both Ford and Howard

GLoucester, Aug. 30.—The schooner Henry Ford of Gloucester sailed by Captain Clayton Morrissey established a lead of nearly eleven minutes in the first two legs of the fishermen's race today, over the schooner's Elizabeth Howard of New York and Shamrock of Boston.

The Shamrock in the start led the other two boats across the line by a good margin with the Ford second and the Howard a poor third. The first leg was five miles, hard on the port tack and half way to the turn the Ford went through the Shamrock's lee and took the lead while the Howard drew up but could not catch the Boston boat.

The Ford's lead at the first mark was nearly two minutes over the Shamrock and three minutes over the Howard. It was broad off the wind in the second mark and the Ford gained a long lead, due partly to two luffing matches between the Shamrock and the Howard. Half a mile

## CRAP SHOOTER HELD IN \$1000 ON CHARGE OF ASSAULT WITH INTENT TO MURDER

James Baker Couldn't Make the Ivories Come Seven or Eleven and Then He Tried a Different Kind of Shooting, Firing Four Shots at One Mr. Johnson

James Baker didn't have much success in shooting "crap" in a house at 8 a poor shot, hard to get a hit on a Lagrange street last night, but the ivories were rolling right for Robert Johnson.

Baker wanted some of his money back, but Johnson was deaf. So Baker then pulled a gun, the shiny gun, and started another kind of shooting.

Baker also ran out of the tenement and straight into the arms of Officer Peterson or Rogan, p.

A special town meeting will be held this evening in Grange hall, Dracut Centre. The warrant contains four articles, which are as follows:

Article 1—To see if the town will vote to amend the vote passed at a special town meeting held on May 1, 1922, under article three, so as to read as follows: That the committee appointed at the annual town meeting to make recommendations on a new school at the Navy Yard be authorized and empowered to construct an eight-room brick school building on the land now owned by the town on Parker avenue, and such additional land as may be purchased, and that the sum of \$8000 be raised and appropriated therefor and that the treasurer, with the approval of the selectmen, be and hereby is authorized to borrow the sum of \$74,000 for said purpose, and to issue bonds or notes of the town therefor, said bonds or notes to be payable in accordance with provisions of chapter 41 of the general laws, or the whole loan shall be paid in not more than 20 years from the date of issue of the first bond or note, or at such earlier dates as the treasurer and selectmen may determine, or act in any other way relative thereto.

Article 2—To see what action the town will take relative to various articles salvaged from the Parker avenue school building.

Article 3—To see what action the town will take relative to the installation of a heating plant in the Collinsville fire station now under construction and to raise and appropriate or transfer the necessary money therefor, or act in any other way relative thereto.

Article 4—To see if the town will vote to transfer the sum of \$2000, which remains unexpended in the Lakeview avenue construction account, to the highway department, or act in any other way relative thereto.

## BOYS BREAK CAMP AT NABNASSET

"Breaking camp" occupied the attention of the boys at Camp Nabnasset, on the lake at West Chelmsford, today as another successful camping season for Y.M.C.A. youths came to a close. At a dinner last night at the camp extemporaneous speeches by a number of the boys marked the formal ending of the season. The final issue of the camp's newspaper, "The Nabnasset Shooter," was distributed. This paper, which proved highly entertaining to the boys, was published by a board of the campers, composed of: H. A. Robbins, C. W. Morse, R. E. Falls, sporting editor, E. W. Seaver, associate editor, R. F. Courtney, reporter, H. S. Buzzell, cartoonist, P. V. Winters.

In last night's issue record was made of the supremacy of Paul Winters proven in archery competition and acknowledged Richard Knowles to be the best rifle shot. Dan Quimby and Roy Slack pressed him hard for the honor. The list of the season's best men in various athletic events, together with their point totals, follow:

CALIFORNIA DEVELOPS  
RAQUET STARS

BY A. H. FREDERICK  
S.E.A. Service Writer  
SAN FRANCISCO, Aug. 29.—Recent sectional victories of Helen Willis, youthful Berkeley (Calif.) tennis star, on eastern courts, again brings up the question, "Why does California develop so many racket stars?"

The usual answer, that the climate is less than ideal, is not the answer, plus is the California Lawn Tennis association.

True, the climatic conditions in the Golden state allow a much longer tennis season than elsewhere, but it is the association which has recognized this

DR. SUMNER HARDY  
chance for world supremacy, and directed potential stars to championships, national and international.

Among players of the association are such players as Helen Willis, Maurice McLoughlin, William Johnston, John Stenholm, Roland Roberts, C. J. "Rock" Griffin, and others well known to all followers of sports.

**Holds Junior Tourneys**  
Ever alert to the association for promising players, "pushing back the curtains of the cradle to see if the new arrival is a tennis star," as one member phrases it.

While this is exaggeration, the association does keep a watchful eye over boys of the "short pants" age and girls still in "pajamas."

This part of the work for San Francisco at present is in charge of Miss Philomena Hazen, executive secretary of the Playground association, who works in conjunction with the Lawn Tennis association.

Miss Hazen keeps close watch on the boys and girls who play on the playground courts and tennis courts for them yearly. Last year there were 1700 entrants, and this year more than 2500.

When a youthful star is found by Miss Hazen, the Lawn Tennis association arranges for his membership in one of the city's clubs. These boys and girls under 18 are known as "junior," and their development is in charge of Howard D. Kinney, coach, singles star and doubles champion with his brother, Robert.

**Meets In Full Confidence**  
Membership in these clubs is considered of prime importance for two reasons: the chance to compete with players better than themselves and the opportunity of playing frequently in tournaments, which are held on an average of once a month.

The confidence gained by this method of playing before spectators is of inestimable value," declares Dr. Sumner Hardy of San Francisco, president of the association.

The club cannot begin too young. In fact, with this in mind, we have special tournaments for boys and girls under 15 for Pacific coast and other state championships.

After one of the association's practices has made good through these stages, he or she is ready to make trials as the association's representative.

Usually the first such trip is to southern California. Then come jaunts to the northwest, Victoria, Vancouver, Seattle, etc., and finally east.

**Consists Of 25 Clubs**  
Nor is the prospective champion abandoned if he doesn't win the first few times he represents California. If he makes a good showing, he is asked to indicate a fair chance for improvement to championship caliber, the association sends him again and again.

Credit for the work of Dr. Hardy, president, is largely due to the fact that the association has been in existence since 1889, it did not start the present work until some 25 years ago, with the launch, then as president of Dr. Hardy. He has held this position ever since. Dr. Hardy himself was coast singles champ for two years, and was doubles champ with his brother, Sumner, for six years.

The California association is the only tennis organization in the country doing this kind of work. Others are prone to wait until they have a champion before adopting him, or at least one who looks like an imminent champion.

The association is composed of 25 clubs in California, and is a member of the United States Lawn Tennis association.

**FALL WEAR**  
Leading fashions for fall wear tend toward the simple frocks of dark gray and the tailored, or semi-tailored, cloth coat dress. Prints are disappearing gradually, and black takes first place.

FUNERAL TODAY OF MRS.  
MARTIN P. CALNAN

The obsequies of Mrs. Margaret (Kelly) Calnan, wife of Martin Calnan, brought a large concourse of relatives and friends of deceased and her husband to the services at the immediate Calnan church this forenoon. The large cortege left the residence, 7 Porter street, shortly before 10 o'clock and on arrival at the church a solemn high mass of requiem was celebrated by Very Rev. Lawrence P. Tighe, O.M.I., assisted by Rev. Owen P. McQuaid, O.M.I., as deacon, and Rev. John H. Kennedy, O.M.I., as sub-deacon.

The choir, under the direction of Mr. Charles D. Smith, sang the Gregorian chant. The solo of the mass were sustained by Mr. Smith, James E. Donnelly, Cornelius Calnan, David Martin and Mrs. Isabelle McKenna. Mrs. Hugh Walker presided at the organ and sang the solo at the offertory. Mr. Calnan sang the "Pie Jesu," and Mr. Calnan the solo in the Libera. The ushers at the house and church were Messrs. Simon Kelly, Fred J. Harwood and William Barrett. The casket was borne by the following bearers: Dr. Michael J. Kelly, Michael J. Markham, John J. Cleary, Frank Clark, James E. McGuinness, James E. Sullivan, James J. Spillane and James J. Kennedy.

Speeches on such an occasion have a beautiful array of floral tributes of varied designs, all expressive of the love and affection for deceased and sympathy for her bereaved husband, sisters and brothers. A woman of the most lovable character, she had endeavored to do good in every way, her kindness and friendly, her charitable disposition, her fortitude and resignation to the Divine will during her long and painful illness. Hundreds of sorrowing relatives and friends, including many from Lawrence, Haverhill, Oak Bluffs, Torrington, N. Y., Jersey City, N. J., and Davenport, Iowa, were in attendance at the funeral.

Burial took place in the family lot in St. Patrick's cemetery where the committal prayers were read at the grave by Rev. Fr. Tighe, O.M.I., assisted by Rev. Fr. McQuaid, O.M.I. Funeral arrangements were in charge of Undertakers O'Connell & Fay.

## MATRIMONIAL

Mr. Austin Brennan and Miss Florence Conole were married Monday at St. Michael's rectory, the ceremony being performed by Rev. Fr. Heagney. The bride wore white duchess satin trimmed with pearls and Spanish lace and carried a shower bouquet of bridal roses and lilies of the valley. Her veil was caught up with lilies of the valley. She was attended by her sister, Miss M. Conole, who was attired in peach crepe de chine with picture hat to match and carried pink roses. The best man was Mr. Harry Brennan. The bride's gift to the bridegroom was a string of pearls while the bridegroom's favor to the bride was a pair of gold cuff links. At the close of the ceremony a buffet luncheon was served at the home of the bride. Upon their return from their honeymoon trip the couple will make their home at 73 Beach street.

## Orders for Suspension Expected to be Cancelled

Continued  
meetings for intensive study today. S. D. Warriner, chairman of the operator's policy committee, called his associates to meet in Philadelphia, away from the scene of negotiations, but John L. Lewis and the scale committee of the United Mine Workers stayed here.

Sharp divergence in views taken of the governor's proposals early cropped between operators and miners' representatives.

The offer of a ten per cent flat increase for the anthracite workers, of the universal eight hour day, of the right to have a union agent in the company offices for collection of union dues, which the governor made, along with a tender of union recognition and of the principle of the collective bargaining, won a more than friendly reception from the union contingent. There was a growing impression that Mr. Lewis would recommend, and his scale committee would grant a substantial increase in the price of the coal, and call in the operators for a suspension of work September 1, if the operators consented.

But with the operators, the settlement basis suggested encountered almost open hostility. Their consistent stand for arbitration of all outstanding issues was, among the completely rejected, and there was a disposition to consider that the proposals had not adequately measured the increase in the price of coal which would result from the wage increase awarded. Governor Pinchot outlined this would mean to 50 cents a ton, of which the operators could absorb 10 cents in lessened profits. Mine owners themselves calculated that establishing a universal eight hour day would add almost five cents extra to costs. Further, they contended that all of the increase would have to be loaded on the domestic fuel, the price also production of anthracite being incapable of bearing it in market competition with bituminous.

## To Reply by Friday

Both sides had until Friday noon to file their answers.

An unsuccessful eleventh hour attempt was made by the operators and miners officials to fix a basis for the employment of pumpmen, engineers and maintenance men who must be kept at work in case of suspension to prevent the mines from flooding and causing in. Union officials demanded an eight hour day for all men so employed, and while conceding that, the operators group held out on a point of wage adjustment.

Governor Pinchot's proposition for a settlement was put before the leaders of both sides last night. Public opinion he warned them, might come to hold "either and losing resentment" if repeated labor difficulties continued to bring suffering.

## Pinchot's Terms Submitted

HARRISBURG, Pa., Aug. 26.—(By Associated Press) Gov. Pinchot last night submitted to representatives of the anthracite miners and operators, in joint conference, a proposed basis of settlement.

The three main points of his scheme were set forth as follows:

"1. Recognition of the basic eight-hour day for all employees. If longer hours are necessary at certain times, or in certain occupations, the overtime to be paid for at the eight-hour rate.

"2. A uniform increase in pay of 10 per cent to all employees. This increase to take effect Sept. 1.

"3. Full recognition of the union by the operators, without the check-off, but with the right to have a union representative present when the men are paid."

A fourth point proposed complete recognition of the principle of collective bargaining.

The governor also suggested that as a method of settling differences in cases of disagreement between miners and operators, they select a man agreeable to both to attend and take part in discussions, but without a vote and not as an umpire or referee. If then unable to agree, he proposed the difference be referred to the conciliation board, which will be provided with whatever equipment is necessary for the rendering of prompt decisions."

## Pinchot's Justification

"My justification for proposing a basis upon which I believe this strike can be prevented with justice to all parties is three fold," said Gov. Pinchot.

"First, that this controversy has continued until all chance of agreement by direct negotiations between the miners and operators has been lost.

"Second, that the interest of the miners, the operators, and the public all require that this controversy shall be settled without a strike.

"Third, that the public is entitled to a voice in the discussion and the rights of the people generally deserve consideration, at least as much as those of the miners and the operators.

"Under such circumstances, and in a case where the public welfare so urgently requires protection, the people have the clear and unquestionable right to demand a settlement."

**LONG GLOVES**  
Since short sleeve dresses are being featured for fall wear, the long glove is expected to lead in demand for hand covering. Colors most stressed will be various shades of brown.

## CHINESE INFLUENCE

The Chinese influence is apparent in nearly all French designs for fall. Black coats embroidered in Chinese designs and with Chinese colorings, are being shown in Paris.

## PRINCESS DIES IN LONDON

Family of Anastasia of Greece  
Makes Plans to Send Body  
to New York for Burial

LONDON, Aug. 26.—(By the Associated Press)—The family of the late Princess Anastasia of Greece, formerly Mrs. William B. Leeds, who died shortly before midnight last night, was making plans today to send the body to New York. Some of the members of the Greek royal family favored burial in Athens, but it was held that the political situation there, which already has resulted in the exile of Greek royalty, including Prince Christopher, Anastasia's husband, would preclude this step. Moreover, the princess herself before she died expressed the wish that she might rest with her father and mother in the mausoleum which she built in Woodlawn cemetery, New York.

Memorial services will be held in one of the Greek Orthodox churches in Lon-

don before the body is sent to the United States and prayers will be offered in the churches of Greece.

Hundreds of messages of sympathy from relatives and friends in all parts of the world, especially the United States, were received by Prince Christopher. Almost every royal house in Europe tendered its condolences.

Mrs. Henderson Green, of Montclair, N. J., sister of the dead princess, who sailed from New York on Tuesday on the steamer Mauretania in an effort to reach the bedside, has been advised by wireless of Anastasia's passing.

There is much speculation to what extent Christopher will share in his wife's fortune. The princess herself maintained that she had never suited a dollar on the prince and that she was powerless to change the terms of her previous husband's will, which tied up the entire Leeds fortune in a trust fund. However, it is thought by friends who knew the deep affection existing between Anastasia and Christopher that the princess provided an ample sum to enable him to live comfortably.

It is also thought that she may have made some arrangement for the support of the scattered members of the Greek royal family who now are not in affluent circumstances.

Princess Anastasia, widow of Wil-

liam B. Leeds, the American "tin-plate king" from whom she inherited a fortune estimated at \$40,000,000, received many proposals of marriage from royal and titled persons before she finally accepted Prince Christopher of Greece, son of the late King George of Greece and brother of King George II, who succeeded to the Greek throne upon the death of King Constantine in January, 1923. They were married in 1920.

Princess Anastasia was Miss Natalie M. Stewart, daughter of a wealthy Ohio banker, and first married George Worthington of Cleveland, whom she divorced. Three days after the death was issued she married William B. Leeds. This was in 1900. Eight years later Mr. Leeds died in Paris, leaving his fortune to his widow and one son, William B. Leeds, Jr., who in 1921 married Princess Xenia, the 15-year-old daughter of Grand Duke Marie of Russia and niece of King Constantine.

Princess Anastasia was seriously ill as the result of an intestinal disorder, and had undergone two major operations, when she learned of her son's engagement. The news, she said at the time, had broken her heart, and she lay for three days upon hearing it. Her objections to the match were based on the youth and inexperience of the couple. However, she finally yielded to the boy's persuasion and consented to the marriage. At the same time, however, she made an arrangement from her own estate to be paid to her son.

The statement frequently was made in Europe that young Leeds was the richest boy in the world. Princess Anastasia declared these conjectures were absurd, adding that his father's will provided that he receive only \$500,000 when he reached the age of 25. The princess said her own will provided that upon her death her son was to draw her interest on the trust fund created by Mr. Leeds, but he would not be able to touch the principal. If her son or his wife should die, she declared, the entire Leeds fortune would go to their offspring as a trust fund which will come with the third generation. If they have no surviving issue, the fortune, she said, would pass to the lying-in hospital of New York.

During the Greco-Turkish struggle of 1920, it was understood that Mrs. Leeds spent more than a million dollars of her fortune to finance the Greek armies. She gave large sums subsequently to the various relief agencies for use among the Greek soldiers and also endowed several hospital beds to commemorate Mr. Leeds.

Princess Anastasia several times found it necessary to deny that she had settled large sums of money on Prince Christopher before their marriage. Not a single dollar did she give him, she declared, adding that they were married in Switzerland, and thus were subject to the law by which each keeps his or her own money and property, and one is not responsible for the debts of the other.

## MANY TONS OF COAL WASTED YEARLY

If each of the firemen on the 1400 locomotives in service on the Rock Island railroad saved a ton of coal each day, the saving would reduce its fuel expense by \$100,000 a year. It is the first time a president in charge of operations has been able to save only a few tons of coal a year. The American Railway Union, which is the largest union in the world, has a membership of 100,000. The union has a large fund of money, and it is the first time a president in charge of operations has been able to save only a few tons of coal a year. ## FARMER HELPED GREATLY

Quickly Drees Wipes Out  
Signs of Suffering. Puts  
Stomach, Liver and Kid-  
neys in Good Shape

Mr. Charles Drees, of Braintree, Lowell, Mass., says:  
"How wonderful it is to feel good and enjoy good health after years of suffering. None appreciate good health any more than I do. My suffering for the past few years now looks like a nightmare that I managed to live through.  
I could not eat. Food laid in my stomach and soured. Gas formed, bloating me, burning me up inside, making me hoth. My nerves were at the ragged edge ready to throw me into an excited condition at the least unexpected noise. I couldn't sit still.  
I had to get up many times every night, my kidneys were so bad. I never enjoyed a good night of sound sleep. In the morning I would feel tired and worn-out as if I had used all my energy fighting the thoughts

that gripped me while I lay awake on my bed waiting for the morning. I was thin. I didn't have enough energy to do the lightest kind of work without having to drive myself. My system was wracked and torn by constipation, whose poison ate away my strength, leaving me weak.  
I decided to give Drees a chance to help me. That was the greatest day in my life, because it was the turning point, the crisis that pointed to a restoration of my health.  
"This great remedy quickly drove away all signs of my troubles, made a new person of me, full of energy and strength. I give all the credit to Drees gratefully. Its wonderful powers can lift every man and woman from the darkness of suffering into the sunshine of good health."

Call today at Green's Drug Store and ask to talk with Mr. Drees, the expert from the Drees Laboratories. He will courteously tell you of the merits of this wonderful remedy. Also he will honestly tell you whether or not he thinks Drees will benefit you. Drees is sold in Nashua by Nashua Drug Co., 175 Main St., Nashua, N.H.

way with the systems, there were a measurable saving in what is spent for materials, the totals would be so large that it would become an appreciable factor in the economies of railroading. If it is too much to expect that all waste be eliminated, it surely is not too much to expect some progress. As Mr. Fritch says, the money thus obtained would be available for "use in things that would make every one happier."

Railroads are not alone in the tendency to waste in little things. Scattered over thousands of miles and employing an army of men, they may by their very nature be more open to abuses of economy, but there are comparatively few industries in which there cannot at least be some reduction in operating costs, if all will co-operate. This time is already here when Americans ought to give more attention to details in every phase of national existence. The suggestion of Mr. Fritch is as opportune as it is interesting.—Indianapolis News.

## British Produce New War Weapon

LONDON, Aug. 30.—British gun manufacturers have produced a new war weapon, says the Daily News. It takes the form of a tractor tank and is capable of drawing artillery into action, in addition to being a self-contained fighting unit. The tank is mounted with guns, has a turret and a special compartment in which it carries field artillery. Its range is twice that of the earlier type of tank used in the war. The British government has planned an initial order for 23 of the new machines, to cost \$40,000 each.

#### AN IMMUNIZATION AGAINST DIPHTHERIA

Dr. Francis Finnegan, director of school hygiene, has issued the following appeal to parents to have their children injected with toxin-antitoxin as an immunization against diphtheria:

"At this time of year parents and guardians are taking care that their children are vaccinated so that they may be permitted to enter school. One wonders, however, if it is solely for this purpose that they seek vaccination, or is it that they realize the preventive nature of vaccination? We certainly hope the latter idea prevails, for beyond all doubt vaccination has been the only means at hand for the prevention of smallpox and is so recognized by a scientific medical world. What is true of vaccination and smallpox can now be applied to another disease claiming its annual toll of innocent young lives. We refer to the toxin-antitoxin immunization against diphtheria. It is universally admitted that from six months to six years we have the highest percentage of susceptibility. 85 percent in whom the disease is most liable to appear, and among whom is the highest percentage of deaths. Toxin-antitoxin injected in three successive doses, one week apart, will render this susceptible group immune in a very short period of time.

and thereby cut the incidence of the disease and its attendant high mortality.

"The board of health, therefore, is urging parents and guardians to take this means of preventing diphtheria by

submitting the children in this age group to six years for treatment with toxin-antitoxin. The board feels that this procedure is as important as vaccination against smallpox which is only very sporadic in our midst, while diph-

theria has a rather high incidence, and at times a high mortality.

"A clinic for treatment is held at the board of health on Saturday mornings at 10 o'clock or treatment may also be given by the family physician.

## BULLY FOR COL. OWSLEY!

Col. Alvin M. Owsley, head of the American Legion, has been signally honored in Paris in recognition of his high position and his eloquent endorsement and support of the French policy of occupation in the Ruhr until such times as Germany agrees to pay the reparation indemnity.

Speaking for the four million soldiers of the American Legion, Col. Owsley declared that the Legion is the one great American organization that has declared before the world that it stands with and approves the action of France and Belgium in the occupancy of the Ruhr until such times as Germany meets her obligation.

Commander Owsley might have gone farther and declared that the vast majority of the American people endorse the action of France as the only course left her when Germany balked in the payment of reparations. When a debtor fails to pay according to agreement, the next legal step is to seize his property. This is what France has done; but she has openly declared that she will gradually withdraw from the Ruhr as Germany makes progress in meeting her indebtedness, which is about six and a half billion dollars exclusive of the claims of England.

To allow her to evade payment would be to absolve her from all blame for her ravages of France and to compel the latter to meet the expense of repairing the destruction of property so far as that is possible, not to speak of the millions of lives sacrificed in the defense of her national life.

To side with Germany as against France in this controversy, would be to surrender the fruits of victory and disavow the causes for which we went to war. Already France has made clear, and Col. Owsley emphasized the fact, that she has no intention of holding the Ruhr longer than is necessary to force Germany to pay.

The very high and unusual honor conferred upon Col. Owsley by France, indicates how profoundly she appreciates the moral support of the great American Legion, believing, as well she may, that on this matter, the Legion commander voices the prevailing sentiment of the people of the United States.

## THE FISH AND GAME LAWS

When William C. Adams, director of the division of fisheries and game of the Massachusetts conservation department, pays his annual respects to Middlesex county naturalists of the great open spaces of the Lowell Fish and Game association's annual September outdoor rally at Willow Dale, he will be called upon to explain in detail his recent proposal relative to changes in the Massachusetts fish and game laws.

Nothing in recent years in field and stream springing ripples, has caused more earnest discussion and comment than Mr. Adams' suggestions that are to be made later on in formal petition to the session of the 1924 state legislature.

Local sportsmen are informed, unofficially, that the changes contemplated are as follows:

Fishing licenses to be required in all inland waters. Under existing laws, a license is not required to fish in all great ponds which have not been stocked since Jan. 1, 1910.

Revision of the lobster license law to provide for revocation of a license for one year in the event of conviction for certain violations. Under the present law, no license can be revoked unless the holder is convicted twice.

A fine of \$10 to \$100, with forfeiture of a hunting or fishing license for one year, of anyone convicted of destroying or injuring another's property while fishing or hunting.

Reduction in the number of traps in winter fishing from ten to five for each fisherman.

Creation of a commission of five members to report to the 1925 legislature on the feasibility of establishing public hunting and fishing grounds.

Mr. Adams recommends that this commission be made up of one representative each from the conservation department, the department of agriculture, the state game, the Massachusetts Audubon society and one of the fish and game associations—preferably Lowell's active organization with its notable career in the field of fish and game activities for the promotion of healthy sport and the conservation of the denizens of forest, lake and stream.

## SERVING HUMANITY

Scientific magazines tell how J. D. Dunlop invented the pneumatic rubber tire. His little child, riding in a baby carriage, objected to the bumps of ordinary wheels. So he took rubber tubes, filled them with water and fastened them to the wheels. Later he got the idea of filling the tubes with air instead of water.

From this came the pneumatic tire used on autos and busses.

It was to make walking easier for a friend who was lame, that Dunlop invented the rubber-soled shoe. He took a piece of rubber and cut it into strips which later made the sole of Dunlop's famous shoes.

The service to humanity usually results from attempts to make life happier for a great number of people. The inventor, therefore, is the maker of new inventions that increase the ease of life.

## HANDSHAKING

A convention of public health collectors recently met in an attempt to make health with President Coolidge. A campaign is contemplated to relieve the president of this form of physical exhaustion. An average of 1200 people a day show up at the White House to shake hands with the chief executive.

The League Against Hand Shaking claims that the complete elimination of handshaking would do a lot to cure communicable disease. They are right. After all, shaking hands is as foolish a custom as oriental bumping of foreheads or rubbing of noses, but real friends want some form of greeting less familiar than kissing and more familiar than a smile, a glance or a stare.

## CARELESSNESS AGAIN

In Wolcott the other day a woman with a baby in her arms was nearly burned to death as a result of the carelessness of parties at a gasoline

station in allowing the fluid to overflow into the gutter. It was a case where the oil overflowed from the tank of an automobile and ran into the gutter. The driver of the next auto that came along threw a lighted cigar stub in the gutter, thus igniting the gasoline just as a woman stepped from the sidewalk to cross the street. It set her dress on fire, but she ran to the other side holding her baby above her head so that it might escape the flames which arose from her burning clothing. It seems that there is need of greater care around the filling stations to prevent accidents of this kind. It is not unusual for the operators of motor vehicles to underestimate the quantity of gasoline already in their tanks and call for more than the tanks will hold. The surplus as a result runs over. If the mistake is not detected in time, the Webera accident should cause filling stations to be cautious in such matters.

## CHANGE

"The cable news cannot successfully compete with radio, due to the greater advantage of speed on the part of radio and also to direct communication." This is said by Owen D. Young, chairman of General Electric Co. and Radio Corporation of America.

It is his natural viewpoint, considering his business connections, but it is logically true.

Later it will be discovered that the steam railroad, running on steel tracks, cannot compete with the airplane.

## BURIED IN FURS

A doctor in Texarkana, Texas, is buried in his \$35,000 coat of Russian sable furs. Such was his last request. It is an exception to the rule that we can't take our wealth to the grave with us.

The good doctor apparently expected cold weather on the other side of the River Styx.

Sir Thomas Lipton got off a characteristic joke when he said "In the last race the Americans put something in the water that prevented us from finishing the cup—it was the 'Reflex'." It now remains for Sir Thomas to put something in the water that will take the cup in the next race, and that is what he intends to do in real sportsmanlike style.

President Lewis should quickly signify his acceptance of Governor Fletcher's plan of settling the hard coal controversy. It is entirely in the miners' favor. The operators cannot afford to refuse. The public stands to pay more for coal as a result of this settlement if finally accepted.

That was an unfortunate accident at Merrimack Park in which a young man was dashed from the front seat at the top of a dip and killed. Only strict caution on the part of those who use the roller coaster can prevent occasional accidents of this kind.

It is likely that oil heaters will be popular during the coming winter. Already some of them are being purchased as a precaution against a shortage of coal. They will come in handy if the coal strike comes.

The friends of airplane men in the army are at the height of the hour. It was one of the record flights of Army Aviator Capt. Smith and Lieut. Rogers in California on Tuesday.

It is true, that is good news which William N. Haskell brings from Russia to wit, that communism is dead.

All eyes now turn to Governor Winchell. If he settles the coal strike without yielding too much to either side, he will render a great public service.

It looks as if the Irish Free State government has won a decisive victory in the recent election. Let us hope it will result in an era of peace.

That flower murder mystery is still unsolved. Time the police would get to the bottom of the various clues.

## SEEN AND HEARD

Motorbikes make about \$20 on a gallon.

Height of enthusiasm is applauding while reading a book.

Kansas hogs are being fed on good wheat. They will be the laughing stock of the country.

A Lawrenceville, Penn., motorist, lost at night, saw a sign on a pole, at a crossroads. Thinking that it might help him in direction, he climbed up, struck a match and read "Fresh paint." It was.

## A Thought

I will give three . . . to any well-deserving friend; but in the way of a bribe, mark me, I will call on the sixth part of a hair.—Shakespeare.

## Father Knew

"John," she said, "you ought to punish that boy." "What's the matter with him?" he asked. "He's altogether too dictatorial," she replied. "He wants to rule everything." "O, well," he replied, "let him enjoy himself while he may. He'll marry some time and that'll end it."

## He Was All In

Three o'clock in the morning! Browne let himself noiselessly into his flat, slipped to the bedroom and started to undress silently in the dark. He thought perhaps he could creep into bed without disturbing dear wife. Although, of course, he really should have known better. For suddenly Mrs. Browne spoke: "Hello! Been playing cards again?" "Yes, dear." "And how much are you in?" "I'm all in—move over!"—Judge.

## Took Tail For Tonsils

William Dillworth, 7 years old, of West Union, W. Va., had his tonsils removed. Upon convalescing, he thought he knew enough to perform some surgery himself. Seeking a patient, he found a dog. A few hours later he entered the office of a physician and asked him where a dog's tonsils were located. He had searched in vain for them, he informed the doctor, and, being unable to find them, he simply cut off the dog's tail.

## Philosophy of Youth

A young philosopher was employed in one of the stores at a salary of \$5.00 per week. He told his employer one morning that he was going to leave, having found a better place. "A better place?" echoed his employer. "What wages are you in for?" "Six dollars a week," "That is not as much as you get here," "No," said the boy, "but then it's better to do less and not get so much than to do more and not get so much."

## Made Them Start

The conductor in charge of an afternoon train out of Washington for New York was ready to start, with several carloads of passengers, including a number of congressmen. "All right, back there!" he called, standing near the front of the train. "Hold on, boys!" called a feminine voice. "Wait till all gets mad, then start!" "Six carloads of passengers thrust their heads out of windows and craned their necks excitedly. They saw a woman struggling on the ground with a basket of laundry."—Detroit Free Press.

## A Great Guessee

Not so long ago a girl puzzled her head for several hours over an intricate picture puzzle. She solved it and as a reward received a pretty all-over pencil. From that time on the "content bug" had a firm and permanent habitat with Helen Martin, formerly of Brookline, but now of Philadelphia. Contents of any and all kinds were given to her mental mill. Recently her puzzle victories included a grand prize of two cash prizes of \$100 and \$500 each, an automobile (newly defined), a job and a motley collection of minor awards, pencils and donkeys. "The only thing left for me to win is a husband," Mrs. Martin says.

## State Out of the Way

A transient motorist from Philadelphia, traveling alone, stopped his car at Concord, N. H., and asked the location of the monument. Informed that there are several monuments in the city, and please be more specific, the young man went on to say that it was the revolutionary monument that he was seeking. That didn't help much, the Philistines explained, that he was in search of the "Minute man" that stands at the end of the bridge. This seemed to him the information that he would have to travel 50 or 60 miles south to Concord, Mass. He showed a disposition to at least start on his way to the other Concord by asking to be shown the road to Manchester.

## Why Discriminate?

Leo Wagner of Concord Island, head of the Maritime Union, was charged with wearing the shirt of his brother who had been killed in the war. Mr. Wagner indignantly produced a clipped newspaper photograph and put it on the back of the man. It was a picture of Mayor Flynn of New York wearing a white bathing suit which was tucked under the lap of his dark trousers. Mr. Wagner said why he should be charged for following the example of Mayor Flynn, the greatest, purest, and most righteous man of modern times. The police looked sternly at Mr. Wagner for a time and then motioned him to the collection clerk and called the next case.

## Chorus

You see, we three,  
Fred, Joe and me,  
Is chorus.  
When I "hullo!"  
To Fred and Joe,  
They come.

Meet every day,  
We go and play  
Somewhere.  
If I've a burr,  
And they have none,  
We share.

We all can shake,  
And Fred can ride  
And swim,  
And make a knot,  
I think a knot  
of him.

And Jimmy, too—  
He helps us to  
our music,  
Because, you see,  
Joe, Fred, and me  
Is chorus.

From Arthur Ginter's book of poems "The Laughing Muse."

## THE MAN ABOUT TOWN

There are some people who take great delight in giving reporters false information. Sometimes this may lead to very serious consequences. A reporter always makes an attempt to verify any bit of news before submitting it to his editor, but sometimes it is impossible to get a complete verification, and there may be circumstances that lead the reporter to believe that what he has been told is the truth. The result is that sometimes, not very often, a wrong is done. Then there are other folks who seem to think that a newspaper's sole reason for existence is to help them get a laugh on some of their friends by printing an absurdity. That is a poor idea of a joke. A newspaper's duty is to print the news and the truth, such of the news that is fit to print.

The general run of newspaper readers like to know that they can depend upon the truth of what they read in the newspapers. A reporter's job, unlike the common belief that all a reporter has to do is show his badge and get in anywhere, is at times most monotonous, just as any other job is at times. And a reporter's time is generally taken up so much with assignments from his editor that those who would have some fun by starting a false rumor may not realize that they are simply imposing an additional hardship on the reporter, that, and nothing more. Recently there have been false rumors of murders here in Lowell, and reporters have been sent off on chases through Billerica, Chelmsford, and Chelsea hills with in the past few weeks. In some instances it was the wild imagination of someone, but in one case in particular the murder story started when a police officer, passing by a drug store on his beat in a hurry, yelled back in answer to a call of a clerk as to where he was going, that he was on his way to a certain street to catch a burglar. The officer probably did not think of the consequences, but when the clerk telephoned this office the information there was a wild hurry and scramble to chase down the report. Reporters are human and they generally like to take and give a joke. But chasing a reporter around for several hours on a false rumor is indeed a poor idea of a joke.

Over a week ago a young man was drowned at Hampton beach and for days it was feared that the body would not be found. I am told. A watch was kept in an endeavor to see it through some force of the current. The body would come to the surface. That young man's death can be attributed to downward curiosity on the part of those charged with the life-saving at that resort. He had not gone very far from the shore when he yelled for help, but a penniless life-saving service had provided a leaky boat and by the time the guards had the water out of the craft he was out in open sea. The young man had gone down to rise no more. Criticism has been rampant at Hampton since then, not only for the slow methods employed by the life savers, but for the faulty equipment at hand. Young Crowley could have been saved had those men acted quickly. It seems that the life guards at the beaches ought to endeavor to prevent drownings and not wait until too late. Life guards ought to tell the uninitiated where the limits of bathing and swimming lie and someone ought to raffle off those mud-covered guards who had been put in the water and sent out to sea. Will the work expeditiously and efficiently.

Motorists in and around Lowell, and especially the tourists, have commented on the pleasure they have in finding their way so easily through our streets. I think I can safely say Lowell is perhaps the most "marked" city referring to the profession of signposts and other similar guides to various destinations. In this section of the state, the novel idea of printing directions to various cities upon the large guides, such as those at the corner of Central and Merrimack, Merrimack and Pawtucket streets, and at Keosauqua square and at other junctions throughout the city, is a great help to tourists. The black lettering on white ground proves quite effective and is easy to read. If all cities were as well "signposted" as Lowell, the tiresome task of getting lost and inquiring directions, on the part of the motorist, would be eliminated to a great extent.

Officer Thomas Maoney acted quickly the other evening in despatching an alarm for a fire in Kearney square thus preventing its spread. The fact that the fire was in the square brought many people in machines and on foot and it was a dangerous fire. Much annoyance would be caused by autos getting in the way. The number of autos that race to a fire only hampers the firemen and the only way it can be stopped or reduced to a minimum at least, is to have the first alarm sounded first in the fire houses, unless someone comes across with an idea to keep the autos away.

They tell me that the fire company sent to Lawrence from this city several days ago made a record run to Springfield, in fact, Boston papers have commented freely on the time consumed in getting to the blaze. I hope it was the first fire company from the city to reach the scene that made the record run, and Lawrence people I heard speaking of the feat the other day, said there was some class to our fire department. We agree with them!

"The melancholy days have come, the saddest of the year"—for many of the youngsters at least, who realize that the school bell starts clanging for another year next week.

Money and Gotham streets will stage an afternoon performance today in addition to the regular evening program.

## APPRECIATES SERVICE OF LOWELL POLICE

City Marshal Charles C. Crowley of Lowell, N. H., has written to Supt. of Police Thomas R. Atkinson in praise of the detail of six Lowell police officers who added the Dover police during the Tercentenary week celebration in that city. The letter follows:

Dover, N. H., Aug. 21, 1923.

Chief of Police, Lowell, Mass.

My dear Chief: It gives me great pleasure to inform you of the excellent service rendered by officers of your department during the entire week of the celebration here of our 300th anniversary.

Their efforts in taking care of thousands of automobiles in traffic daily during this event, and the courteous manner in which they carried out their orders to all that were visitors, or en route through to other points of interest in our state, have met with the highest commendation from all that witnessed their efficient work.

The police commissioners as well as myself wish at this time to extend our heartiest appreciation to you and your department for the valuable service given. There was assigned from your department the following: Michael Connors, Daniel Brennan, William Nelson, Francis Ready, John Swanwick and Owen Conway.

Trusting at some future time to reciprocate this favor, and also to extend the good will and best wishes to the entire force, I wish to remain as

Yours very truly,

CHARLES C. CROWLEY,

City Marshal.

## Berton Braley's Daily Poem

Tastes

I am a peaceful kind of chap  
Who jumps a bit at a thunder-clap;  
I've never mixed in a bar-room brawl,  
I've never been in a scarp at all;  
And yet I weary of tales and books  
Describing life in the country nooks;  
Or business stories of lads who rise  
By sheer good conduct and enterprise.

The sort of yarn that is sweet and quiet  
Is well enough as a steady diet,  
But now and then I prefer to read  
A yarn of terror and craft and greed,  
With lots of murders and sudden death  
To make me shudder and hold my breath;  
And soundrels steeped to the eyes in crime,  
Who sure do give me a bully time!

Bring on the story where teeth are gnashed,  
Where pistols crackle and knives are flashed,  
Where villains chortle with evil rage,  
And bloodshed trickles down every page,  
Where virtue triumphs, but not until  
I've drunk much laughter and had my fill  
Of plot and counterplot, brawl and fight  
With gun and poison and dynamite!

## LIST OF LOWELL CASES ON COURT LIST

District Attorney Arthur K. Reading has submitted to the local police a list of Lowell cases scheduled for trial in superior criminal court which convenes here next Tuesday. There will be two sessions here, one of which will be presided over by Judge J. J. Mahoney of the Lawrence district court.

According to the provisions of chapter 46A of the acts of 1923, the chief justice of the superior court may appoint a district court judge to sit in superior court when occasion warrants, and because of the congested condition of the docket, Judge Mahoney has been named to sit at an extra session in this city. He will have jurisdiction in cases involving by-laws, orders, ordinances, rules and regulations made by any city or town officials, liquor cases, drunks, motor vehicle, desertion and statutory offenses.

The grand jury will also convene here for one day next week.

The list submitted by the district attorney, which includes cases from

Women Tell Each Other How They Have Been Helped by Lydia E. Pinkham's Vegetable Compound

Perryburg, Ohio.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my sides all the time. I can't remember just how long I suffered, but it was for some time. One day I was talking with a lady I met on a car, and I told her how I was feeling and she said she had been just like I was with pains and nervous troubles, and she took the Vegetable Compound, and it cured her. So then I went and got some, and I certainly recommend it for it is good. Whenever I see any woman who is sick I try to get her to take Lydia E. Pinkham's Vegetable Compound."—Mrs. ADA FINCH, Route 3, Perryburg, Ohio.

In nearly every neighborhood in every town and city in this country there are women who have been helped by Lydia E. Pinkham's Vegetable Compound in the treatment of ailments peculiar to their sex, and they take pleasure in passing the good word along to other women. Therefore, if you are troubled in this way, why not give Lydia E. Pinkham's Vegetable Compound a fair trial...

"I guarantee My Ointment," says Peterson—Every Box of It

"If you are responsible for the health of your family," says Peterson of Buffalo, "I want you to get a large 35-cent box of Peterson's Ointment today.

"Remember, I stand back of every box. Every druggist guarantees to refund the purchase price if Peterson's Ointment doesn't do all I claim.

"I guarantee it for eczema, old sores, running sores, salt rheum, ulcers, sore nipples, broken breasts, itching skin, skin diseases, blisters, bleeding and itching piles as well as for sore feet, chafing, burns, scalds, cuts, bruises and sunburns.

"Remember, I had a running sore on my leg for nine months, tried all kinds of ointments, but Peterson's Ointment cured it—even had it cut to the bone and scalded—nothing did any good. I was told to try Peterson's Ointment; used three boxes and my leg is entirely healed and smooth as my other leg. Thanking you very much for what it has done for me. Yours respectfully, S. H. ## FRECKLES

Now Is the Time to Get Rid of These Tiny Spots

There's no longer the ill-fated need of using arsenic of your freckles, as Othine—double strength—is guaranteed to remove these homely spots. Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.—Adv.

## THEY COLLIDED WITH A BUNCH OF TROUBLE

Rootleggers generally try to keep out of the clutches of the law, but in Lawrence last night two alleged dispensers of the sparkling drink ran right into the police; in fact the police machine collided with the police patrol of the down-river city.

Federal Agent Walter H. Sullivan of this city and Federal Agent Hall happened to be right on the spot, and they arrested the two men in the auto, and seized 20 gallons of liquor. The men gave their names as Sabatoro Callalano and Carmelo Chibano, both of 20 Newbury street, Lawrence. The men will be arraigned in the federal court Friday morning.

## C. Y. M. L. MEETING

A special meeting of the Catholic Young Men's League will be held this evening at 8 o'clock in their hall on Suffolk street. The league's committee is expected to report this evening and several other important matters will be taken up. The annual election of officers will take place Sunday, Sept. 2, and the names of candidates will be placed on the ballot after tonight's meeting.

## ATTOS IN COLLISION

An automobile driven by Joseph J. Chiswick of 135 Jewett street, and another operated by William Stevenson of 12 Bailey street, Lawrence, collided in Moody street, near the Lowell Motor Motel yesterday afternoon, with slight damage to both machines resulting. None of the occupants was injured.

## FREE STATE IN LEAD IN COURT FOR RUNNING "WHEEL OF FORTUNE"

Irish Election Returns Come in Slowly—82 Seats Remain Undeclared

DUBLIN, Aug. 30. (By the Associated Press).—Compilation of the returns from the parliamentary elections up to noon today gave the government 38 seats, the republicans 29, the laborites 7, farmers 8 and independents 9. Eighty-two seats remained undeclared. Western returned two republicans against one each for the government, labor and farmers. Cork county returned two government and two business candidates and Mary MacSwiney, republican, Miss MacSwiney is the fifth woman to be declared elected, four of them being republicans.

## Long-Drawn-Out Affair

LONDON, Aug. 30. (By the A. P.).—The tedious task of ascertaining who has been elected to the new Irish parliament has developed into a long-drawn-out affair. Under the proportional representation system, the counting and recounting continued today. Final reports may not be available until next week.

The government party with more than 40 seats so far, continues to maintain its plurality.

President William T. Cosgrave and other government leaders have deemed the situation safe enough to leave for Geneva to prepare for Ireland's entrance into the League of Nations.

## De Valera Can Do No Harm

HOLYHEAD, Aug. 30.—William T. Cosgrave, president of the Free State cabinet, and other members of the Irish delegation bound for Geneva to prepare for Ireland's entrance into the League of Nations, arrived here today. When asked what the Free State government intended to do with Eamon de Valera, now that he had been captured, Mr. Cosgrave said:

"We are not yet in power; we must first be elected. I cannot commit myself at the present juncture, but De Valera is so situated that he cannot do any harm. More than that I cannot tell you."

## FAMOUS PAINTER DEAD

Princess Lwoff-Parlaghy, Noted Hungarian Artist, Dies Penniless

NEW YORK, Aug. 30.—Death yesterday saved Princess Lwoff-Parlaghy, famous Hungarian portrait painter and former portrayer of Kaiser Wilhelm, from the ordeal of seeing her priceless art treasures seized to satisfy judgments against her for \$215,000.

A few hours after she died, a deputy sheriff entered and formally took possession of her rare art objects and furniture for the benefit of Ludwig Nelson, retired diamond merchant, who held the judgments against her. Nelson now is in Europe.

The princess, not many years ago moved in the elite society of Europe and America. Among the notables who sat for portraits were former Emperor Wilhelm of Germany, Bismarck, Admiral Dewey, Andrew Carnegie, Chauncey M. Depew, Henry Ford and Thomas A. Edison.

In recent years, her fortune passed, her funds exhausted and her health gone, the princess shut herself up in her home and awaited the end. She died practically penniless, clinging to the end of her art possessions.

STOUGHTON, Mass., Aug. 30.—William Darb, 139 Centre street, Jamaica Plain, was arraigned in district court this morning upon complaint of Lieut. Charles T. Beaupre of the state constabulary.

Darb was conducting games of chance at a traveling carnival located here for the week. When warned by the state officers to desist from the operation of a "wheel of fortune," Darb erupted in a verbal tilt with Lieut. Beaupre and was placed under arrest. The arrest of Darb closed the carnival.

## COMMERCIAL MESSAGES WILL NOT BE CENSORED

NEW YORK, Aug. 30.—Cablegrams passing through the Cuban offices of the Commercial Cable company will not be subjected to censorship by the Cuban government, according to a message received at the company's New York office late last night.

It was reported yesterday that all cablegrams passing through Cuba would be subjected to government scrutiny. "The present measure should not be considered as censorship," the message stated, "but merely as observation limited to messages of political significance. Commercial messages, code or otherwise will not be interfered with."

## British Missionaries Killed by Bandits

SHANGHAI, Aug. 30.—(By the Associated Press)—Rev. W. A. Whiteside and Rev. F. G. Watt, British missionaries of the Church Missionary Society, were shot and killed by bandits when traveling in Szechwan Province August 14, according to a letter from Meinchow received here today.

## Marcino Was Expelled From Mexico City as Pernicious Foreigner, Say Police

MEXICO CITY, Aug. 30.—Joseph Blatin, alias Joseph Marcino, who is now in jail in Laredo, charged with the perpetration of bank frauds in Chicago and Warren, Mass., did not surrender to the American officers because he had been the victim of extortion here, but was expelled as a pernicious foreigner, the Mexico City police said today.

When Blatin was taken into custody at Laredo he asserted that Mexican officials, supported by certain American financial interests, made it impossible for him to continue in business in the capital, and that he had finally succumbed. The police, however, told a different story. They said Blatin's departure was the result of a varied business career here in the course of which he fraudulently changed from American to Mexican citizenship.

Arriving in Mexico city early this year the police said Blatin, alias Blatin and Marcino, assumed the name of Vincenzo Traducio, asserting that he

## SEVEN MEN ARRESTED

Paraded in Front of Funeral Parlor Where Services for "Kid Dropper" Were Held

NEW YORK, Aug. 30.—Seven men believed to be members of a rival gang, alleged to have been involved in the funeral day in front of the Harlem funeral parlor where services for Jack Kaplan, alias "Kid Dropper," slain gangster, were being held, and paraded the sidewalk. They were arrested and held until conclusion of the services. A score of detectives guarded the undertaking establishment. Police sensed that a "storm" was brewing and took the utmost precautions.

| In an inter-city championship baseball game at Haverhill yesterday afternoon, the Lowell playgrounds outfit defeated Haverhill's representatives by the score of 12 to 6 and annexed the Merrimack valley championship. |  |
| Sandler of the South common worked in the box. Lowell pitched excellently, while every member of the nine played classy ball. Plouffe led with the stick, getting a couple of twops.                                    |  |
| Lowell sewed up the contest in the first few innings, scoring once in the first and four times in the second.                                                                                                           |  |
| The Haverburg, the Haverhill boys touched up for 18 safeties. The score:                                                                                                                                                |  |

**BOSTON HALTS VICTORIOUS MARCH**

## OF CINCINNATI—GENEWICH PITCHES GREAT GAME

NEW YORK, Aug. 30.—The Boston Braves, despite the fact that they have been bumping along the bottom of the percentage box throughout the season, stepped up and handed a little present to their princely leaders, the New York Yankees, yesterday afternoon. The Yankees, in their turn, of a defeat for Cincinnati. The Braves, played and lost 3. They took four out of five from the Giants at the Polo grounds, and then, at Detroit, defeated the Scanlons 5 to 4. The Detroit batsmen hammered Mitchell for ten hits in two innings, but were held to four runs, two long hits by Marberry, who let in only one run.

The Cubs fell on Wilbur Cooper for

ing on their home grounds defeated the Reds 2 to 1 in a ten-inning game, giving the Giants a lead of three and a half games. Genewich, the Boston hero, so scattered the Reds' nine hits

## OUR BOARDING HOUSE

## RIVAL UNIONS TO UNITE

Amalgamation of Factions Involved in Recent Telephone Strike Agreed Upon

BOSTON, Aug. 30.—A plan of agreement providing for the amalgamation of Local 1-A and the Boston local affiliated with the telephone operators' department, International Brotherhood of Electrical Workers, has been signed by representatives of the rival groups of telephone operators in Greater Boston. It was announced last night. The division in the ranks which was precipitated when Julia S. O'Connor, as department president, revoked the charter of local 1-A, continued throughout the strike of the operators in New England last month, when members of local 1-A refused to

obey the strike order issued by Miss O'Connor. As a result service in the metropolitan area was maintained with little inconvenience being experienced by the public. The statement which was signed among others by Miss O'Connor and Anne E. Molloy, president of local 1-A, stated that the objective of the agreement is the unification of the operating forces in the metropolitan area once more. "In order that there may be accomplished immediately, the return to their positions of all locked-out employees."

The strike was concluded after one month at the company's terms. Many girls who were accepted for employment while the strike was in force retained their positions and many of the strikers were unable to get their jobs back. The striking operators had demanded a seven hour day and higher wages.

The agreement calls for a joint meeting on Sept. 6 of members of both organizations at which terms for the amalgamation of the two factions will

be laid before the members for ratification.

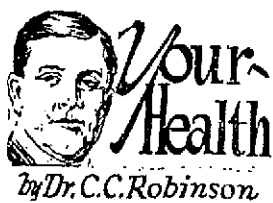

The move toward peace between the factions is said to have had its inception at the recent meeting in Montreal of the International Brotherhood of Electrical Workers. Leaders of the International Union and the American Federation of Labor are said to have met with representatives of the rival unions but the proposed plans for the amalgamation have been kept a close secret.

There is no real reason why the so-called baby week should be a special occasion in our yearly calendar. In the great cities where special efforts are placed on having meetings or city-wide campaigns for the raising of funds for baby institutions and dependent babies, it may be the proper thing for the millions who do not come under the direct influence of such organizations every week is baby week throughout the whole year.

Physicians and publications which are trying to make the baby a safe proposition are busy at just this very time the whole year through. Mothers are given careful instructions, which have as their end and aim the prevention of illness for both baby and mother and the keeping of infant mortality at the lowest possible rate. While no one period of a baby's life is more pronounced than another, and the year and year-bugaboo is no longer a fact, the weight must show increase regularly from year to year. The first year, under normal conditions, the baby should about triple its weight.

It may not seem to some mothers, that regular feeding periods are of such vital importance to the baby's health, but for normal, healthy babies the four hour period seems to meet the general rule from the age of six weeks up to one year. If the baby is breast-fed, the judgment of the mother in most cases determines the amount of nourishment. Not many mothers, in the ordinary walks of life, watch their babies before and after taking nourishment.

If the baby is bottle-fed, use from three ounces at the first month, seven or eight ounces at the sixth month. This shows a gradual increase at each feeding from one to two ounces each month. The proportion of water and sugar is determined by the kind used in mixing with the cow's milk. In some parts of our country the milk is far richer than in others and this must be taken into account when diluting. If there is no gain or even insufficient gain in the baby's weight, find out the cause at once, as a loss in weight may mean the loss of a baby. Consult your physician at the first signs of failure to gain.

## AMUSEMENT NOTES

**R. F. KEITH'S THEATRE**  
Comedy that is varied and fast is the sort purveyed by Murray Kissen & Co. in "The Barber of Seville," at the R. F. Keith theatre of this week. See this jolly quartet of men, and you will be amply rewarded. Bob Hall, with his extemporaneous songs and sayings, is a highly original man. He keeps at his work all the time, and takes a lead from those in his audience. His popular songs are especially well put together. Mabel Rhains and Charles Marshall, in their mixture of singing and dancing, have plenty of good things to offer, while Oakes & De Lour, snappy dancers, put on their turn at a whirlwind pace. Baby Washington, violinist, and Nathanael Bros., comedy roller skaters, and "Masters of Men," complete the big opening bill.

**THE STRAND**  
To those who love the romantic, the weird, the beautiful, "The Isle of Lost Ships" which is being shown at The Strand during the week-end, will afford them one of the most interesting and entertaining pictures of this kind. The locale of the story is in the Sargasso sea and a legendary island of ships in the centre of miles of sea.

wood that comprise that tract of land. To this island, formed by the accumulation of wrecked ships of centuries, drifts a wrecked American liner, crippled by a sand-buried derelict into which it rammed during a heavy storm. The sole survivors are a New York society girl and an escaped convict. The girl proves a beautiful lot of salvage to the powerful and arrogant brute who rules this strange port and the community of castaways. The night the convict escapes to save the girl from the clutches of the brute is one of the most thrilling parts of the story. Milton Mills appears as the escaped convict and Anna Q. Nilsson as the girl and both reflect wonderful accomplishments in dramatic capability and finished acting. Campbell and Walter Long are also pleasingly assigned. Marjorie Tournear was the director, and he gave this production his very best efforts, with the result that a super-film offering was created.

John Gilbert in "The Madness of Youth" is the second feature. Romance, drama and a new style of thief are reflected in this picture story. Gilbert, whose successes of the recent past place him high up among the stellar lights of London, is seen in the role of the crook, and he handles it with perfect cleverness. The comedy and variety are also good, while the musical numbers are always entertaining.

## HIAWTHORNE

One of the finest picture programs ever offered to local theatregoers will be shown at the Hiaiwthorne tonight only. In fact, they are two of the greatest pictures ever shown on the stage. The feature program, "The Hawk and the Dove," with Lewis Stone and "The Hawk and the Dove," with Lewis Stone and "The Hawk and the Dove," with Lewis Stone.

Another good bill will be shown tomorrow (Friday). Charles Ray will be seen in "Scrap Iron" while Jean Moore, John Dowers and David Butler are the stars of Ralph Connor's story, "The Sky Pilot."

"Scrap Iron" is the story of John Steel, the character portrayed by Ray, one of the most fascinating that has ever found its way to the screen. It is thoroughly human in the development of the plot, most of Steel's troubles coming from restrictions a rich mother who cannot approve that her only boy has grown into man's estate, places on him. The promise of excitement is offered in "The Sky Pilot," Ralph Connor's story of the Canadian wilderness. An unforgettable cattle stampede is just one of the incidents in the creation of the splendid characters of the book. Directed by King Vidor, with such fine players as Colleen Moore, John Dowers and David Butler, "The Sky Pilot" becomes unique in its qualities of drama, human interest and true sensation.

## MERRIMACK SQUARE THEATRE

A ten-strike was scored by the management of the Merrimack Square theatre in the selection of the program for the last half of the week. Such a varied bill of super features will appeal to the most discriminating playgoer. "The Sky Pilot," with such fine players as Colleen Moore, John Dowers and David Butler, "The Sky Pilot" becomes unique in its qualities of drama, human interest and true sensation.

of love. It is without doubt the most amazing photoplay of the year. A comedy and news are also on the bill.

## COMPLETE PLANS FOR ANNUAL OUTING

Final arrangements for the annual outing of the chamber of commerce, to be held Sept. 13 at the Martin Luther grounds, were made yesterday noon at a meeting of the outing committee at Cole's Inn. Notices of the outing will be sent to all members Tuesday and included with the notice will be a return postcard which the members are asked to fill out and return immediately so that the com-

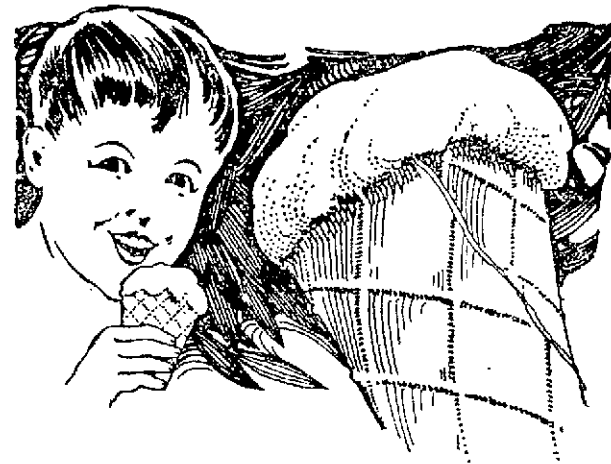

mittee may know exactly how many are to attend the outing.

It was decided yesterday that an auto parade should precede the outing. The machines bearing the party will line up on Theodike street and parade through the down-town streets of the city before starting for the outing grounds.

A reply to their invitation to Mayor John J. Donovan was received stating that he will be present at the outing.

## The daily job of 20 million mothers—

To send them off every morning in their fresh, clean school clothes

TO SEND them off to school all freshly washed and starched! How proudly American mothers watch them march off in the early morning!

But with what sinking hearts mothers see them tear home looking like little urchins. They seem to have a genius for picking the very dirtiest dirt to play in.

And those blouses, those trousers, those darling little dresses that were so immaculate a few short hours ago! Smudged and begrimed, with the dirt so ground in, you wonder if it will ever come out.

Dirty school clothes need no longer discourage you. It is such an easy, simple matter now to have fresh ones every day. For washing them is no job at all if you do it with Rinso.

This new soap loosens the dirt just by soaking. It dissolves instantly in boiling water, making a rich, pure, cleansing suds, so soapy

it gets the dirt out without any hard rubbing. Even the dirt that gets absolutely ground in at little knees and elbows is so loosened by soaking in Rinso suds, that it comes out with only a light rubbing. Do that little rubbing with Rinso. Just sprinkle some dry Rinso the worst spots and they will disappear.

You do not have to change your way of washing. Just use Rinso wherever you used to use bar soap.

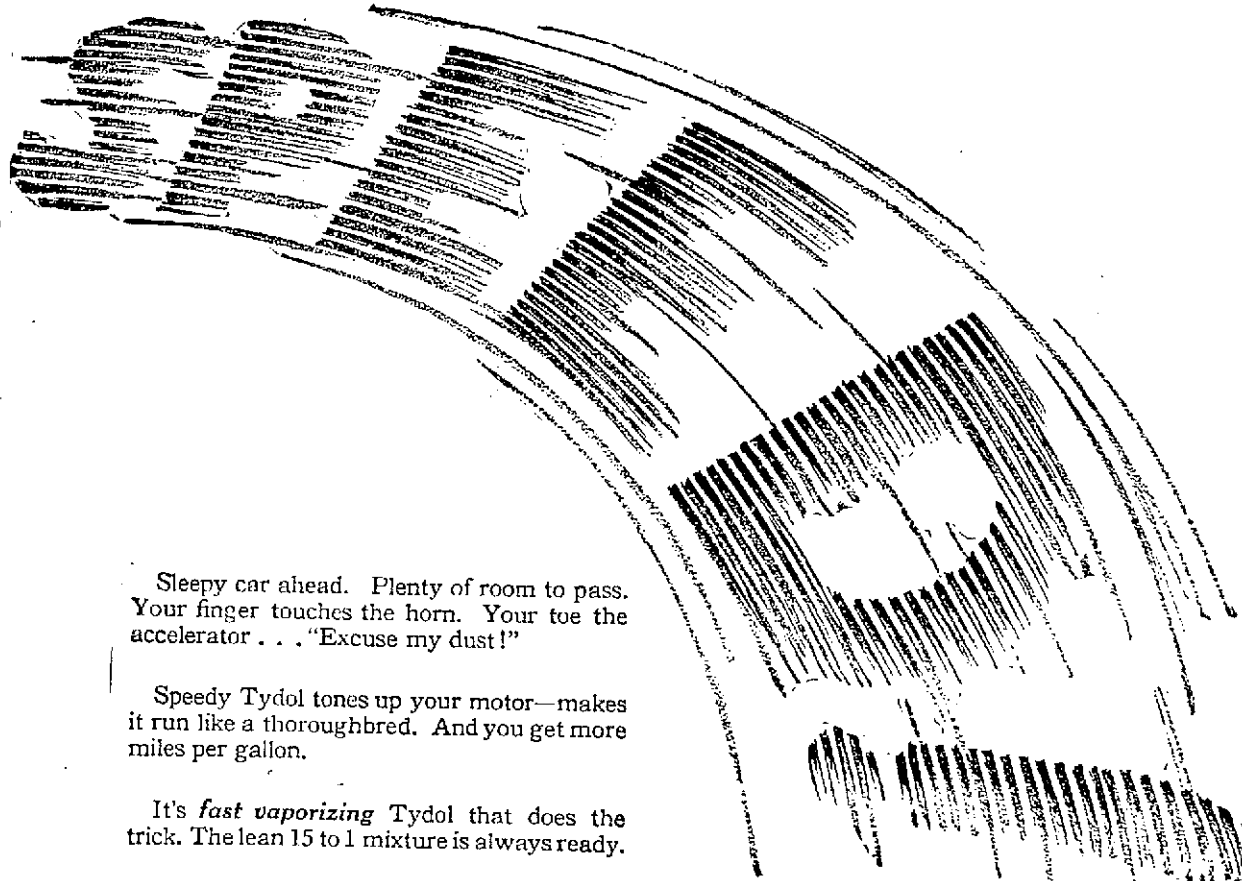

## Made by the makers of Lux

Rinso is made by the world's largest soap makers—the makers of Lux. For the family wash it is as wonderful as Lux is for fine things. You need no soap powder or any other soap with Rinso. It does the whole job.

Don't ever again wear yourself out rubbing dirty school clothes. Save those backbreaking hours of rubbing and save the clothes by using Rinso.

Begin today! Get either the regular sized package or the big new package at any grocery or department store. Lever Bros. Co., Cambridge, Mass.

# 50 NUNS' NARROWLY ESCAPED DEATH IN FIRE

PITTSBURGH, Aug. 30.—Fifty nuns had narrow escapes from death or injury this morning when fire gutted the second and third stories of St. Mary's convent, a four-story structure in North Canal street. One of the nuns discovered the flames and sounded a gong in the building. The occupants, several of whom are ill and had to be aided in escaping, took refuge first in nearby houses and later in a community house. The cause of the fire, which caused \$10,000 damage, has not been determined.

## MORE REAL ESTATE DEALS REPORTED

Two important real estate sales were reported through the office of T. H. Elliott today. They consisted of two parcels of the old Boston Hotel, one in Wamsut street and the other in Lacey avenue, representing an investment of about \$2,000. The property located in Wamsut street is numbered 38-42 and consists of five tenements and 4,500 square feet of land. It was sold in behalf of John S. and George A. T. Brodie, the purchasers being Manuel J. and Josephine M. Price was in the vicinity of \$11,000. The other is located at 11-13 Lacey avenue and consists of eight tenements, one store and 4,146 square feet of land. The property was sold in behalf of J. S. and G. A. T. Brodie to Simon Cassis for about \$12,000. The Elliott firm was assisted in the sale by George Decker.

# STOCK MARKET

NEW YORK, Aug. 30.—The upward movement of prices met with more resistance at the opening of today's stock market, but gains largely exceeded in the initial transactions. St. Paul preferred opened 2 points higher and Davidson Chemical climbed 1 1/2 points to 5 1/2, a new high record for the year. Rails were again in good demand.

Davidson Chemical started 20 points to 72, jumping nearly 10 points on one transaction and then fell back to 67. Delaware and Hudson advanced 5 points. A brisk advance in the Market for Railway bonds was another feature, the common preferred and preferred each rising 2 points. The prior preferred 1 1/2 and United Railways investment preferred 1 1/2. Prices suffered in other sections of the list. The credit fluctuations of Davidson Chemical had a sobering influence on the trading in the usual industrial leaders which showed only nominal changes. Steel companies were reported to be under way, however, in other sections of the list, rails, particularly New York Central, were in steady demand, having being attributed in some quarters to a favorable July earnings report. Houston Oil advanced 4 1/2 points. American Agricultural Chemical and General Asphalt, Rockwell Packing and Virginia Carolina Chemical preferred 2 to 3 1/2. DuPont and Gulf States Steel also were strong. Davidson Chemical climbed again to 5 1/2, and then closed to 5 1/2. Call money opened at 3 1/2 per cent.

Weakness in a number of industrial shares, especially in the rubber and leather groups, was evident. Rubber shares were bid up strongly, also American Express and Gulf States Steel, the latter reaching a new high of 5 1/2. Speculation in Davidson Chemical was quiet, the price rising to 5 1/2, falling to 5 1/2 and then closing to 5 1/2.

The closing was irregular. Bullish demonstrations were staged in the late dealings in International Harvester, Famous Players, Loews Wiles Biscuit and Central Leather preferred. But copper and automotive issues continued heavy.

Court Revises Life Sentence

When French Soldiers Cried

"Death, We Want Death"

CASABLANCA, Morocco, Aug. 20.—(By the Associated Press).—"Death, we want death. Sentence us to death," shouted two French soldiers, Potevin and Tourbe, today along with a string of inmates they hurried at the court martial which had just sentenced them to penal servitude for life on charges of insubordination.

The judge ordered them led away but with frantic rage the convicts, across whose foreheads the words "out of luck" were tattooed, threw their hats in the face of Col. Duffield, the presiding officer, and again shrieked "a mort."

The court obligingly revised its sentence and they will be guillotined for "striking a superior officer."

# AT THE KASINO

Patrons of the Kasino are to see some snappy cake-walking featured as a special attraction tomorrow night. Owen and Sadie Monahan of Lowell are the performers and they will demonstrate the difference between the cake-walk of days gone by and the modern step which is gaining great popularity throughout the land. This is known as the "California Cake-Walk" and is expected to score a big hit.

Campbell's bango orchestra will furnish the music for the dancing. This orchestra is proving immensely popular this season and string music is making the hit of the year. With first-class dance music and the cake-walk exhibition added as a premier attraction it is expected that large crowds will patronize the dance hall on Friday night.

# CLUB LAFAYETTE OFF ON OUTING

The annual outing of Club Lafayette was held this morning at the Martin Luther grounds in Tungsboro. Among the guests were Congressman John Jacob Rogers and Mayor John J. Donovan.

The excursionists left the clubhouse in Waltham street at noon and were conveyed to the grounds in about fifty private automobiles. Upon reaching the grounds a buffet luncheon was served followed by a ball game between the married and unmarried members of the club. A varied list of sports was carried out and at 3 o'clock dinner was served.

The committee comprised Arthur J. Lambert, Z. A. Norcross, Willis J. Peiffer, William F. N. Labele, Omer J. Smith, Willie Rousseau, G. M. Fortier, M. J. Doyle, Arthur Tercetto and George Dzels.

# WILL HOLD ANNUAL CONVENTION HERE

The annual convention of the Polish Falcons of New England will open in this city next Saturday and continue over a period of three days. On Saturday evening a general reception and dance will be held in the association hall and on Sunday afternoon and evening, executive sessions will be held in the Polish hall in O'Brien street. On Monday, a marathon race from the city street headquarters to the Polish grounds in Pelham will be held. At the outing grounds, various athletic events and exercises in calisthenics will be conducted.

# CHANCE TO ATTEND TRAINING CAMP

The local office of the Organized Reserve has been notified by headquarters that there is still an opportunity for officers and enlisted men to attend the training camp at Camp Devens during the first two weeks of September.

Any local non-com who desires to attend camp should notify the local office at 305 Hildreth building immediately, as it will take several days for the application to pass through headquarters and the camp opens on Sept. 4.

# HOLY NAME SOCIETY

A special meeting of St. Michael's Holy Name society will be held in the basement of the church at 7 o'clock this evening for the purpose of arranging final details for the dedicatory exercises of the new school and memorial hall next Monday afternoon. The general committee of the society will meet after the 9 o'clock mass next Sunday.

# JURY SERVICE HEARING

Members of the election commission have received an invitation to attend the hearing by the Massachusetts commission for jury service at the state house Sept. 11 and 12. The subject to be discussed at the hearing is "Jury Service in Massachusetts." It was stated at the office of the election commission this morning that the board will be represented at the hearing.

# Work of District Court Since 1915

In accordance with Chapter 532 of the Acts of 1922, Clerk Edward W. Trull of the district court has prepared a table of statistics of the work of the court since 1915 for the administrative commission, appointed under the statute, by Chief Justice Rugg of the supreme court.

The act is relative to the connected condition of the superior and supreme court dockets, and was framed with the intent to promote co-ordination of the work of the district courts throughout the commonwealth, with a view of relieving the congestion in the higher courts.

The commission comprises three judges of municipal courts, Frank A. Muliken of New Bedford, James W. McDonald of Marlboro and Charles L. Hubbard of Pittsfield, the latter being secretary of the commission.

The figures prepared by Clerk Trull in relation to the Lowell district court are interesting by comparison of years. For instance in 1915, before the prohibition act, there were only seven liquor cases brought before the court.

But for the first six months of the present year there were 317 liquor law violations brought to the attention of the court. Last year there were 357 cases, so that the first six months of the present year almost equals the record for the entire 12 months of 1922.

Up to July 1 of the present year there were 189 cases alleging violation of the motor vehicle laws, seven more cases than in all of 1922.

Since 1915 the biggest year was 1917 when the records show 5566 criminal cases were brought before the court.

| Year | Civil Cases Entered | Criminal Cases Entered | Probation Cases | Insane | Criminal Cases Disposed | Criminal Appeals | Prisoners Released | Alcohol Cases | Intox. Cases | Indigents | Small Claims |

# REGISTER CHILDREN OF KINDERGARTEN AGE

Superintendent of Schools Hugh J. Molloy is desirous that parents of the Oakland district who have children of kindergarten age send their names, addresses and ages to his office that provision may be made to care for them at the opening of the schools.

The reorganization of upper grades of schools, now in progress, contemplates eight years of elementary school work instead of nine years on which our schools have been based for years, and it is only reasonable to suppose that children who are to be prepared for high school, at the end of eight years of elementary school should have the increased maturity for which a higher primary school age provides," said Supt. Molloy this morning.

"It is expected that an additional room will be ready in the Seaboard street school at the opening of the school or very soon after and it would be of assistance to the superintendent of schools if parents in the Oakland section who have children of kindergarten age will send to the superintendent the names and addresses of these children and their ages as on Sept. 10, the opening day of schools.

The Butler district is to open upon junior high school organization on Sept. 10 in accordance with a recent vote passed by the school committee. This organization will call for very little change in school arrangements, at least during the early part of the year.

"The superintendent wishes to draw the attention of parents to the fact that the age of children for entrance into the primary schools is a year and a months and into the kindergarten, 4 years and 3 months. This entering age for primary schools is lower than the entering age in most school departments and most private schools.

The winner, a cup presented by Col. J. W. Prentiss and a prize of \$500 will go to the vessel finishing second. Third place carries a cash prize of \$300.

Early in the day the sky was clear and a brisk northwest breeze gave turn today, having come to New York from the east. The wind was light and the sea calm. The hour set for the start.

Cutter Modoc Committee Boat

The coast guard cutter Modoc, commanded by W. W. Chiswell, will act as committee boat, as on Monday. The first leg of the course is a five mile stretch from a line of Eastern Point, thence around a triangle seven miles on a side. Thence five miles to the finish buoy, making a 21 mile course.

Sir Thomas Lipton, who was here Monday, to see the race and was disappointed, as were those ends of visitors at the 30th anniversary celebration of Gloucester's settlement, sent word that he would be unable to return today, having come to New York. Sir Thomas is donor of the cup which real fishermen's race is to be held with a cash prize of \$100, will go to October, the hour set for the start.

# LETTER CARRIERS WILL KNIGHTS OF COLUMBUS

# ATTEND CONVENTION

The Lowell Letter Carriers association will be represented at the 21th convention of the National Association of Letter Carriers, opening in Providence, R. I., next Monday and continuing through the week. A delegation of six members has been named by the local association to attend, the members of which are as follows: Patrick J. Owens, president; Harry C. Lee, John P. Sheehan, John T. Burns, Martin J. Shaughnessy and J. P. Donovan. In addition to this official delegation, about 50 members of the local organization will go to Providence next Monday to take part in the big parade which will feature the opening of the convention.

The Lowell delegates will leave this city Sunday afternoon by train and will remain in Providence until the following Sunday. The unofficial delegation will leave this city in machines at 6 o'clock Monday morning and will return here in the evening of the same day.

The program for the convention is as follows:

Monday—Opening session, 9 to 10:30 a. m. Parade promptly at 11 a. m. Immediately after parade, trolley trip to Rocky Point. Luncheon served upon arrival. Public reception at state armory, evening.

Tuesday—Sessions of convention, 9 a. m. to 12 m. 2 to 5 p. m. Grand ball, Rhodes-on-the-Paenol, evening. In addition to delegates and visitors, all postal employees of Rhode Island and their families are invited to participate.

Wednesday—Sessions of convention, 9 to 12 a. m. 2 to 5 p. m. Snooker and entertainment, evening.

Thursday—Session of convention, 9 to 11 a. m. Fishing by boat to Newport, Rhode Island, then to Narragansett, drives and visit to Naval War college.

Friday—Sessions of convention, 9 a. m. to 12 m. 2 to 5 p. m. Letter Carrier hand contest, evening. Trophy to be donated and presented by Will H. Hays.

Saturday—Session of convention until final adjournment.

Two matters of especial interest to carriers all over the country will be brought up at the convention. The first is the matter of an increase of pay. The carriers' locals throughout the country have urged that a resolution requesting such an increase be drawn up and presented to the post-office department. The request for an increase is based on the fact that pay in all branches of labor has increased during this period, but the pay of letter carriers has remained practically the same.

A second matter of great importance will be the question of an adoption of a resolution asking for a revision of the pension rate. Under the present retirement law, a maximum annuity of \$20 is granted the retiree. This amount was set when the retiree had passed on an average of \$1200. The carriers are now receiving a basic wage of \$1800 and the pension, if passed by the convention, will call for a retirement pay of \$1200 a year.

The officers of the local association are as follows: P. J. Owens, president; John J. Glavin, vice-president; P. J. Sullivan, secretary; John P. Sheehan, treasurer; James J. Gustor and Charles A. Carey, collectors.

# BIDS OPENED FOR MUNICIPAL SUPPLIES

The following bids were opened at the office of the purchasing agent at city hall this morning: Five tons Manila paper for the school department—G. C. Prince Co., \$5.50 per hundredweight; and Proctor Paper Co., \$6.15 per hundredweight. Fifty cords of wood for outdoor right, John Brady \$14.85 a cord. Ten tons of hay for the street department, Whitman & Pratt, \$24 a ton, and U. S. Worsted Co., \$25.50 a ton. Lumber for vocational school, Burnham & Davis, \$181; Pratt & Forest, \$177; Amara Pratt Co., \$187. The purchasing agent also called for bids for 2000 square yards of filling for Highland park, but there was no response to his call.

JOHN E. HART, Retiring Grand Knight

activities of the council and a capacity at the list of officers it is important to note that Grand Knight John E. Hart, retiring after a service extending over two years, a service marked by conspicuous achievement and progress. Mr. Hart's tenure of office covered many events, the high spot being the opening of the beautiful new house in Dutton street. He has contributed much time and effort in arousing a splendid spirit in the council and his stepping down finds the organization in improved condition with a large and increasing membership.

The K. of C. house in Lowell is the equal of any in the east and the members take a pardonable pride in it. Hence it is confidently expected that a year of unexampled activity will ensue with the coming of fall and winter.

Another important feature of tonight's meeting will be the final and definite announcements for the annual outing of the council which is to be held at the Concord club grounds on Sept. 9. For several weeks a competent committee has labored assiduously on the plans and the members have formulated a program, calculated to be interesting and enjoyable.

An indemnity of \$5,000,000 lire, salute the Italian fleet and punish the Greeks responsible for the assassinations. An answer was required within 24 hours. The note was presumably despatched yesterday.

An Athens cablegram last evening said Premier Genatas had informed the correspondents that while Greece did not find all the Italian demands acceptable, she would agree to some of them and ask for modification of the others. The Athens government said its intention of replying to the note within the time limit.

# Sent Protest to Greece

PARIS, Aug. 30. (By the A. P.)—The inter-allied council of ambassadors today decided to send a telegram to the Greek government on behalf of the French, English and Italian governments, jointly protesting "with the energy that the gravity of the circumstances warrant, against the outrage of which the Italian mission of the commission for delimitation of the Albanian frontier has been the victim."

The telegram further invites the Greek government to institute an immediate investigation into the circumstances surrounding the massacre. It is expected in some quarters that the action of the ambassadors' council may be followed by some move in the council of the League of Nations now in session at Geneva, as Greece and Italy are both members of the league.

It is held by students of the league here that the council has power to take cognizance of the situation and make immediate representations to Italy in view of her ultimatum, even though no appeal has been made by Greece for league intervention.

The drastic character of the ultimatum caused considerable comment in diplomatic circles this morning, and the hope was expressed that Italy would be satisfied to suspend her demand for satisfaction until an inquiry could be made.
